## FARMERS' CLUB STOCKHOLDERS VOTE TO LIQUIDATE HOLDINGS

### New Company May Be Organized By Younger Stockholders

The death knell of Ukiah's oldest merchandising firm was announced Saturday afternoon when directors and stockholders, meeting in the Palace Hotel, voted overwhelmingly to liquidate the Farmers' Club. The vote was 5,991 to 2,501.

L. E. Crawford, president of the board of directors, explained the action Monday saying, "the cost of rebuilding the store and replacing the merchandise lost in the fire would be extremely high at present, and with the declining market we appear to be heading into, it would be a miracle if we made money after doing so."

Mrs. C. A. Bernhard, widow of the first secretary of the Farmers' Club, interpreted the stockholders' vote as a lineup of the younger group in favor of continuing, while the older group favored liquidation. She foresaw the possibility of organizing a new company by the younger group after the corporation is liquidated. She pointed out that one of the strongest assets to be sold is the lumber yard.

**Fire Four Months Ago**

Saturday's decision to liquidate came almost four months after the fire (October 28) which levelled the building housing the corporation's merchandise, including paint, groceries, appliances, farm tools and feed.

At that time there were 20 employees, ten of whom were discharged soon after the fire.

**Organized in 1911**

The Farmers' Club was begun in 1911 as a co-operative owned by about 40 farmers, chiefly grape growers interested in securing a winery here and in getting better prices for their grapes.

C. A. Bernhard served as the club's secretary from 1911 until 1921. Writing in the Republican Press in 1912, he described the club as mainly a social organization, but still "a merchandising establishment through which the farmers can sell their product at the highest possible prices and through which he can buy supplies of all kinds at the lowest possible overhead."

The club was transformed into a commercial institution in 1920 and capitalized at $100,000.

Following Bernhard as manager was Harry Shimin, who served until 1930, quit because of ill health, and came back in 1932 to continue as manager until 1942. Charles Rupe became manager then and has continued as such up to the present.

## Harry Hilts Burned In Steam House Accident Saturday

Harry Hilts, department head at Montgomery Ward sustained severe burns when he fainted in a Finnish bath in the Finnish Colony Saturday. Mr. Hilts' arm and shoulder were burned, when, in the fall, he came in contact with some part of the heating apparatus in the bath. He returned to his position in Montgomery Ward today (Wednesday).

## FLOOD CONTROL TOPIC OF MEET IN SANTA ROSA

E. W. Dutton of Ukiah will lead one of six committee sessions at the first session of the North Coast council tomorrow in Santa Rosa. Two hundred civic leaders are expected at the meeting called by John S. Watson, regional vice president of the state chamber of commerce. Under discussion will be proposed new legislation affecting agriculture, commerce and industry in all sections of the North Coast region.

**The session of which Dutton is chairman will receive a report on flood control and water conservation, including projects on the Russian river. Other topics will be fish and game legislation, tidelands, harbor projects, Klamath river regulation, and commercial aba-one diving.**

Farm production in the North Coast region will be covered in the session, also tomorrow morning, chairmaned by A. E. Gehlmann of Santa Rosa. Included are hops, prunes, dairy, poultry, and livestock. Harry Caddow of the Wine Institute will speak on problems of the wine industry. Other topics to be covered are farm labor camps, oriental fruit fly, social security for agriculture, and establishment of a farm advisory council in the state.

**Hugh Bottenberg is to present a review of Ukiah's community development in the Industrial committee meeting under the chairmanship of C. O. Veale, San Rafael.**

The idea of establishing Indian encampments as tourist attractions will be proposed and discussed by Chief Eagle Wing, a Klamath Indian, in the meeting of the Travel and Recreation committees of which Oscar Wrieden, Middletown, is chairman.

## WARREN TALKS AT CLOVERDALE

The 47th Annual Citrus Fair at Cloverdale drew to a close Tuesday with Governor and Mrs. Earl Warren as guests of honor. The Governor spoke at the Redwood Empire Publishers Unit luncheon at the Grange hall, a yearly event sponsored by the Cloverdale Chamber of Commerce. Later the Governor and Mrs. Warren were honor guests at the Orange Pavilion where a program had been arranged.

In his address before the publishers, Governor Warren spoke on California's $1,600,000,000 budget and the necessity of paying the state bill as we go. He spoke against dipping into funds that are earmarked for services and recommended an increased tax on cigarettes, hard liquor and race track returns.

The governor remarked that out of California's billion dollar budget, he has control of only 227 millions, and the rest of the monies have been apportioned in fixed statute by the will of the people in their voting measures and by legislative acts. Much of the money budgeted is returned to the cities and counties by the state for their expenditures.

Of interest to Mendocino county, he spoke of the fact that while population had increased since the war, this was not true of state government building and construction programs, and consequently much work was pressing in regard to state institutions, such as the hospital at Talmage, because in proportion the hospital population has increased after the war too, and all hospitals were overcrowded. His address was well received and the governor was popularly applauded.

Luncheon guests included John Harlan, president of the Publishers Unit and Mrs. Harlan and Andy Anderson, of Sausalito; Redwood Empire President A. F. Beecher and Mrs. Beecher of Lake County; Mr. and Mrs. Carl Simmons, of Cloverdale; Mr. and Mrs. Walter Murphy, Mr. and Mrs. Dan Emparan, of Sonoma; Mr. and Mrs. MacMillan, Mrs. Ernest Finley, Mr. and Mrs. Everett Gerson of Santa Rosa; Reuben Carlson of Healdsburg; Mr. and Mrs. Winton of Calistoga; Mr. and Mrs. W. G. Shackleton, Mr. and Mrs. Beatch, B. A. Cober, Golden Gate Bridge Director Geo. Anderson and Highway Commissioner Walter Sandelin of Ukiah; Grey Dennis of Willits; Justice Traemer, Clyde Edmondson and Marsh Maslin, Senator Presley Abshire, George Kennedy, Dick Miller and Joe Cox, all of Sonoma, and many others.

## FRAUD CHARGED IN PROPERTY RECOVERY SUIT

Charging fraud, Della Councilman, as guardian of the person and estate of Martha M. Jones, 81, has brought suit against Margaret L. and James Marshall to cancel a deed and a bill of sale and to recover property and money alleged to have been secured by the Marshalls from Mrs. Jones when the latter was incapacitated and not of sound judgment.

The complaint alleges that on May 5, 1948, the defendants, knowing the facts and for the purpose of fraud, secured a deed conveying property, right of way and water rights. For this the defendants have paid $475 on a purchase price of $550; the property is of a probable value of $3000 according to the complaint. The plaintiff sets forth that the defendants have had of the property is of greater value than the sums paid.

In futherance of the fraud, the complaint alleges that on May 24, 1948, the defendants secured a bill of sale to a four room house, valued at $1000, on the property of Mrs. Jones and moved the house onto the property deeded to them. An automobile was also transferred to the defendants, the plaintiff alleges.

According to plaintiff the Marshalls fraudulently secured the deed to the property by representing they were taking a lease on the property and that Mrs. Jones believes the sum paid was for rent alone.

Mrs. Jones has lived alone on her ranch near Willits for a number of years and a confidential and intimate relationship is said to have existed between the owner and the tenants. The defendants the complaint states gave no consideration for the deed nor security for future payments nor was any consideration given for the bill of sale.

The Court is asked to cancel the deed and bill of sale, return the automobile together with damages in the sum of $450, and also the sum of $800 with interest; also to compel defendants to account for the rents and profits of the real property from May 5, 1948 to the date of judgment.

Kasch and Cook represent the plaintiff.

WILL SPEAK IN SAN FRANCISCO FEBRUARY 24 — Vice President Alben W. Barkley will fly from Washington to head the list of speakers at Northern California's Jefferson-Jackson Victory Dinner at the Palace Hotel, Chairman George Killion announced today.

## BURGLAR ENTERS M-W WAREHOUSE GETS NOTHING

Burglary in Montgomery Ward's warehouse was attempted last Wednesday some time during the night. Entry was made by cutting the "celo" glass screen on one of the rear windows, according to police. An eight foot ladder was used to reach the window. Police found the ladder behind the building.

Nothing was disturbed inside the warehouse except for a battery lying on its side. Store officials could not determine immediately whether anything was missing, but they pointed out that the opening was too small to take out anything very large.

Many footprints were seen on the ground--one a high-heel impression similar to that made by a boot. Police traced the prints from behind L. P. Gas and Appliances store to the window, thence west behind the building to the north-west corner of Main street, to the railroad depot and out into Perkins street. Prints were also found behind the Lido Cafe, but no attempt at entry was made there.

Police Officers Simpson and Chief Viarengo made the investigation.

## McNEAR STUDENTS TO ATTEND UKIAH ELEMENTARY THIS FALL

The trustees of McNear School on the Lake county road have contracted with Ukiah Elementary for a year. The contract was signed the first of the week by the trustees, Henry Busse, clerk, H. E. Carr, Waugh Grady. Miss Alta Dillingham, teacher at McNear for 21 years, will come into the Ukiah school on the same status as she now holds. There are 19 children enrolled in the school.

The contract culminates efforts of some 15 years to bring the McNear district into Ukiah. The school was built in 1897 and is one of the few old schools left in the county. It is now in a dilapidated condition. The State Fire Marshall recently found so many dangerous elements in the school needing correction that the trustees found themselves without sufficient funds to make the improvements nor to build a new school. Daylight can be seen through the old shake roof.

A number of the children attending the school have to walk several miles on the state highway. These children will hereafter be picked up by the school bus and brought into Ukiah. The district is a very small one.

The terms of the contract go into effect at the opening of the fall term. The contract must be approved by the State Board of Education.

In attendance at the meeting when the contract was signed were the trustees of McNear, E. E. Zeek, principal of Ukiah Union Elementary school, George Hovey, clerk of the Ukiah board of trustees, Burnam Heryford and Robert Harmon.

## Gustafson to Stand Trial on First Plea of "Not Guilty"

**The trial of Ernest Gustafson, charged with the murder of his mother, will proceed as scheduled on February 28, Judge Lilburn Gibson announced in court Monday morning. Gustafson has entered two pleas: "not guilty" and "not guilty by reason of insanity."**

The case had been put forward from Friday to Monday morning while Judge Gibson considered the report from Mendocino State Hospital authorities, who stated that Gustafson is mentally ill and should be hospitalized. But Gibson said he was not sure from the report that Gustafson cannot conduct a rational defense.

That he was able to conduct a rational defense was attested by Attorney Wayne Burke, Gustafson's lawyer, who said his client had been examined by an expert and that he himself had discussed the case many hours with his client. He and the expert both agreed Gustafson was able to consult with counsel and to make a rational defense.

Judge Gibson has by law the authority to call for a hearing on Gustafson's sanity. He said were he to take that course it might possibly result in three trials instead of one or two and would reverse the usual position of the district attorney being forced to take the burden of the proof that the prisoner was insane.

Gustafson stated to a representative of the Republican Press that he prefers to stand trial by jury rather than be sent to Mendocino State Hospital. He said: "I want the truth brought out and that has not yet been done in my case."

The report of the medical staff of Mendocino State Hospital recommends commitment of Gustafson to a state hospital. He was under observation at MSH by order of the court from February 5 to 11. He does not claim mental irresponsibility and resented his confinement in the hospital, according to the report of the hospital doctors.

His behaviour at the time of his mother's death cannot be explained as that of a rational individual, and his present reactions, while less striking, are still abnormal. It is my opinion that this man had catatonic dementia praecox for many years," Dr. R. G. Bramkamp states in the report.

Gustafson is accused of beating his mother the night of October 24, 1948, as a result of which and the exposure which followed the alleged beating. Mrs. Gustafson passed away not long after she was found in the field near her home and taken to the home of Mr. and Mrs. Russell McMullen.

According to the report of the state hospital, Gustafson seems to believe that his mother died of injuries received in a fall, although he admits when she wandered about he frequently was "strict" with her and might have struck her lightly.

The patient is reported to have told investigating officers, according to the hospital report, that he "lifted" her with his foot.

Ernest Gustafson, the hospital report states, is second youngest of 13 children. He lived all his life in the home at Fort Bragg. One brother has been a chronic mental patient at Mendocino State Hospital since 1930; two sisters have, at times, been patients in mental hospitals in the southern part of this state. Gustafson, himself, was admitted to MSH because of irrational and assaultive behavior, May 20, 1931. His case at the time was diagnosed as dementia praecox. The patient was paroled after two weeks at the insistence of relatives. Gustafson says the attack was brought on by fear following his arrest on a minor charge in Fort Bragg. He was not discharged

## REMODELING SLATED FOR N.W.P. STATION

Ukiah's Northwest Pacific station will undergo remodeling work and acquire four more employees in the near future, it was announced by C. A. Veale, vice president and general manager of Northwestern Pacific railroad, who was in Ukiah Monday to confer with Masonite officials on the effect of their plans on N. W. P.'s facilities here.

Expansion and work on the station were made necessary by the steady industrial development of Ukiah and the increase of perishable crops and lumber moved through the local station, Veale said.

**Revealing that over 100 carloads of lumber now leave Ukiah every day, Veale said: "I am very optimistic about the future of this area, which includes both Lake and Mendocino counties. We feel we have a tremendous stake and responsibility in serving these two counties."**

August was the peak month for lumber shipping, Veale said. One hundred forty-three carloads of lumber left Ukiah in one 24-hour period.

Some four million feet of lumber were to begin moving through the local station starting today, he noted, and the entire lot must be 'cleaned up' within 60 days. The lumber is hauled by truck out of Arnold and shipped to a fibreboard company in Antioch.

**In addition to this lumber, Veale said a supply would be moving from Arnold to Antioch, through Ukiah, for the next 10 or 12 years.**

The railroad official is also a member of the executive committee of the Redwood Empire association.

## Associated Press News Bulletins

President Truman tonight vigorously defended his military aide, Major General Harry Vaughan, using the sharpest language he has ever employed in a speech. The President is quoted as saying: "If any S-O-B thinks he can get me to discharge any member of my staff or cabinet by smart aleck statements over the air, he is mistaken." Mr. Truman spoke at a dinner honoring Vaughan who has been criticized by Radio Commentator Drew Pearson because he accepted a decoration from President Peron of Argentina.

Postmaster General Jesse Donaldson has asked for higher postal rates to meet department deficits. Mentions a 5-cent post card.

Senator Wayne Morse has attacked the labor views of the National Association of Manufacturers and the United States Chamber of Commerce.

Also this week new gales of wind and rain swept the Pacific Northwest coast.

## LOCAL BUILDERS OPEN A NEW MODEL HOME

Saturday and Sunday, March 5 and 6, have been set as the two days for open house of the model home in the Foutz Subdivision. Located at 122 Calvert Drive, the charming one story dwelling fronted with redwood siding lends a rustic touch to the scene.

The subdivision is located next to Yokayo Heights. To get there, drive up Jones to McPeak, turn right and drive about half a block to the first road on the left. This leads into the subdivision. The model home was built by Joe Foutz, assisted by his brother and partner, C. L. Foutz.

Mr. and Mrs. Joe Foutz moved to Ukiah four years ago during which time he constructed fourteen homes here including their own at 10 Mill Court. They have three children Joan, Carolyn and Calvert. They formerly lived in Hanford, Washington where Mr. Foutz was foreman in charge of installation of equipment for the process block in the atomic bomb plant.

C. L. Foutz has been in Ukiah working with his brother for the past three years. Prior to that

## CITY CRIME COMPARATIVELY LOW. POLICE CHIEF'S REPORT SHOWS

**Ukiah police made a total of 5,538 contacts in 1948, the equivalent of one contact for every man, woman and child in the county seat. Contacts include every kind of police activity: from persons aided to murderers apprehended, from traffic tickets to stolen cars.**

So far as strictly complaint cases are concerned, Chief John Viarengo's annual report to the city council lists 2,238, or approximately one for every three people in Ukiah.

In contrast with Santa Rosa's 1948 arrest rate of one for every member of the populace, Ukiah police arrests were half that rate, totaling 3,886.

**$5,000 to City Treasury**

Fines and forfeitures resulting from these arrests amounted to $7,535, of which $15,000 went into the coffers of the city and the balance was served out in the local Bastille. Lucratively speaking, the most profitable arrests were the 502's—driving while intoxicated — which resulted in fines of from $160 to as high as $500 in one case. Thirty-seven people were arrested during the year for drunk-driving.

Parking meter violations, though they bring in only 'four bits' apiece, amounted to 2,616 and resulted in a tidy bit of revenue.

Police activity was not limited to bringing in city revenue. Property owners benefited to the ex- about $400 over the value of property recovered, which figure was about $400 over the valeu of property reported stolen. Fourteen bicycles, out of 15 reported stolen, were returned to their owners.

One of the most satisfying achievements in Viarengo's 1948 report is the training of a Junior Traffic Patrol under the sponsorship of Ukiah Rotary club.

The eight men and one woman of the police department kept busy in 1948 and covered a lot of territory. They cruised a total of 54,161 miles—almost twice the circumferenec of the earth—and burned up over five thousand gallons of gasoline in the police car, while the motorcycle tucked away 3,464 miles and used more 144 gallons.

Arrests included 681 traffic citations and 375 common drunks. Other leading categories were disturbing the peace, being drunk in or about an auto, petty theft, burglary, malicious mischief, cashing fictitious checks, and vagrancy.

## BUSINESS BRIEFS
By Gene

A new business partnership, known as the Ukiah Surplus Company, is now located at 892 North State, across the street from the Redwood Tree Service Station.

W. W. Ware and Walter C. George, of Lakeport and Nice, respectively, are the venturesome veterans.

Mr. Ware served several months in the navy, while Mr. George was in the air corps four and one-half years. He was a 1st Lieutenant in charge of radar on the night fighter force in China for 14 months.

The new business opened Monday, Feb. 21st, and at the present have surplus building supplies, such as roofing, paints, etc. While the present stock represents but a fraction of the planned inventory, their motto is "Why Pay More?"

If you're interested in used cars and wish to view a large selection, stop at 810 North State street. Ben Abel Motors pride themselves with having a "real buy" in whatever make of car your fancy lies.

Ben Abel formerly operated the Cold Creek Service Station on the Lake County road and has many friends in this vicinity.

## APE GANG MAY STRIKE AGAIN, SHERIFF WARNS

According to timing observed in the state-wide safe robberies, Mendocino County may be due for another safe burglary, according to Sheriff B. G. Broaddus.

Sheriff Broaddus issued a warning Monday to all merchants of the county and a request for united assistance in discouraging professional safe robbers from coming into the county.

The sheriff asked that in so far as is possible small amounts of cash and greenbacks be kept in the safes. It is advisable to handle monies with as much secrecy as possible before the public for it is well known that professional operators know the lay of the land and many details of the business and property before a robbery is attempted.

Despite the united efforts of the state authorities the gang now working in this state has not been caught, according to Sherrif Broaddus. They have more than once been successful in this county and every means of discouraging their operations as well as of capturing them is being tried.

**CHIMNEY FIRE SUNDAY**

Ukiah Fire department responded Sunday night to a chimney fire at the home of Mrs. Ella Frost, 806 West Church.

## WILL HOME BURNS TO GROUND AS LACK OF PHONE DELAYS ALARM

The home occupied by Lawrence Clayton and family ,better known as the Tuso home above the golf course burned to the ground Monday morning about 10 o'clock. Fire of unknown origin started in the kitchen according to Fire Chief Al Bechtol and quickly consumed the six-room house.

Mrs. Clayton states that she was leaving the home to go to a neighbors when she returned on an errand before departing and found the kitchen in flames. Without a telephone or near neighbors there was nothing Mrs. Clayton could do but watch the flames devour her home and household belongings. The alarm was turned in by residents of Park Boulevard who saw the flames.

The home was built by Dom Tuso about 16 years ago. Last July it was sold to E. Harrs of San Francisco, insurance agents of that city.

Mr. and Mrs. Clayton have four children. The home was covered by insurance but not the household furnishings. Clayton is employed by Holz Co. and the family was given shelter in the home of Mr. and Mrs. Karl Holzhauser Monday night.

## NEW YORK MAN ASKS $4,000 FOR LOSS FROM MOVE TO CALIFORNIA

A tale that sounds like the Gold Rush Days is set forth in a complaint filed by Michael J. Amadio against Eugene Fachin for damages.

Amadio charges that the defendant entered into an oral agreement with him whereby Fachin promised to pay the living expenses and the moving expenses of the Amadio family from New York to California and upon their arrival to enter into a partnership in the construction or motel business.

The complaint alleges that the defendant did not keep any of his promises; that plaintiff gave up an income of $90 per week and lost $2080 as a result of moving cost, loss of wages, and reduction in working wage when thrown on his own resources in California. On top of all this he loaned the defendant $1,110 and asks the Court for total damages of $4,270.

Spurr and Brunner represent Amadio in the suit.

## Tuesday Prices at Ukiah Auction Yards

The best price on dairy cows today was paid for a Guernsey springer at $192.50.

A pen of heavy steers went for $20.05 per hundred.

Ten stock cows went for $142.50 each.

Tops on veal was $34 per cwt.

Best price on fat hogs brought $23.75 per hundred.

A pen of 31 feeder pigs went for $10.75 each. Heavier feeders were $23.75.

Leghorn hens brought $1.30 ea.

## Six-Year-Old Girl, Uninoculated, Dies Of Diphtheria at Elk

Ula May Garner, a 6-year old girl from Elk, died in the county hospital Sunday morning of diphtheria. She had not been inoculated against the disease. Her family came from Yuba county to Elk about six months ago. Treatment at the hospital came as fever set in and was without effect.

The girl was the daughter of Mr. and Mrs. Traffensted of Elk. She was to be buried at Elk cemetery today, following funeral arrangements by Lance and Zimmerman. The Traffensteds were making arrangements for the religious ceremony.

## ANONYMOUS DONOR TO SISTERS OF GOOD SHEPHERD IS THANKED

Ray R. Walsh, chairman of Ukiah and Mendocino County for the Sisters of the Good Shepherd Building Fund was delightfully surprised this week when he received through the mail an envelope containing five $50 greenbacks.

The $250 was simply enclosed in an unsigned slip of paper and bore the words, 'For the Sisters of the Good Shepherd Building Fund." Mr. Walsh would like to personally thank the anonymous donor who mailed him the $250 for this most worthy cause. Not knowing the charitable person, he asked this newspaper if we would convey his appreciation and we are happy to do so:

**"Appreciation is hereby expressed to the anonymous donor who mailed $250.00 to R. R. Walsh for the Sisters of the Good Shepherd Building Fund."**

## RE-CONSTRUCTION WORK ON VICHY SPRINGS UNDERWAY

Vichy Springs, Ukiah's famous health resort and vacation playland, will once again open its gates to the public. Now under process of complete renovation and rebuilding by the new managers, Arnold and Henry Erickson, the resort will be open this summer. An estimated $70,000 is being spent towards this end.

Opening date was originally scheduled for June, but due to the severe winter weather, may be slightly delayed.

**Druids Banquet**

A banquet for 500 members of the Ancient Order of Druids has been scheduled for June 21 and will be held on that date even

## BIG NICKEL

What America really needs is a 7½ cent nickel. So say the soft drink bottlers who are having a hard time selling their wares profitably for the old-fashioned five-cent piece. They'd have Congress create for use in vending machines a 7½ cent coin to be known as the "Link" (for Lincoln) and a 2½ cent piece to be called "Ben" for Benjamin Franklin. The names were devised to head off such nicknames as "jime" and "dickel" for the larger coin and "pickel" and "nenny" for the smaller one. The bottlers warn that unless something is done about new coins they'll have to charge a dime in the vending machine. If they do, that famous radio commercial about "nickel, nickel, nickel" is going to be ruined.

## DRIVE REDS OUT OF HIGH POSTS SAYS D. A. BUSCH

Urging laws to keep communists out of position of leadership, District Attorney James B. Busch spoke over radio station KDAC in Fort Bragg Monday night during a forum sponsored by the American Legion on the Communist menace inside and outside the United States.

Busch's talk outlined the situation now facing the United States since the end of World War II. "Today," he said, "we are facing a situation that is . . . just as grave as was that shortly preceding German's attack on Poland." But the possibility of war, Busch said, is not because of United States imperialism: "There is nothing that Russia has that the United States wants . . . the United States people believe that any nation has the inherent right to select its own form of government providing the form if government does not have for one of its chief purposes the abolition of capitalism."

Contrasting juridical procedures in the two countries, Busch cited the Mindszenty trial in Hungary as illustrating how "the fact of prosecution and admission of guilt are taken as proof that the accused is guilty."

The menace of communism abroad is appreciated by our government, the district attorney said, but "it appears that we are not doing much about the communists inside our own country."

As a remedy Busch proposed that the government pass laws that would make it a felony "for any communist to occupy any government position, teach in our schools and universities, have any office in a labor union, write for newspapers or magazines, have an executive position or influential interest in the movies, radio, and similar pursuits."

## County Labor Council Receives Charter from William Green

Central Labor Council of Mendocino county received its official charter from William Green, president of the American Federation of Labor, February 9, Council President Ivan Christensen announced Monday.

Those present at the ceremony were Lowell Nelson, vice president of the California State Federation of Labor, 2th District; J. J. Corner, vice president of the Central Labor Council; M. C. Baker and Earl Slerck, trustees; John G. Martin, secretary-treasurer; and Ivan Christensen.

Many people in the Middle Ages wore "cramp rings", blessed by the king and believed to have special powers to ward off stomach cramps.

## MORE ON VICHY SPRINGS

(Cont. from Page One)

though work has not been completed for the entire establishment.

**Historical Past**

Vichy Springs, has a most interesting history. Because of its excellent mineral springs, it was named for the famous health resort at Vichy, France. The story goes that the management of the French establishment once sent their chief chemist to Ukiah to test the waters of the resort that presumed to use the famous Vichy name. After completing his many tests, the chemist reported, that though he hated to admit it, Ukiah's Vichy Springs had the most healthful water in the entire world, and contained every mineral needed by the human body. Whether this story is actually true or not, the scores who have bathed at Vichy Springs and those who have drunk the waters ardently attest to its beneficial qualities.

Old guest registers of the resort are still intact and it is planned to have them on display when the establishment reopens. Dating back to the early 1890's, these registers contain the signatures of Europeans as well as those of many distinguished Americans. Many old-timers of Ukiah and Mendocino County also left their names on these now musty pages.

When work is completed, Vichy Springs will have an outdoor swimming pool, a modern dance floor and cocktail lounge, a restuarant large enough to accomodate banquets, a dormitory for overnight guests, eighteen guest cabins, and stables and horses for those who enjoy riding.

**Manages Restaurants**

In addition to the large dining room, there will also be a seperate club room available for private parties. Meals will be served here on request. The Vichy Springs restaurant, as well as the other Erickson Brothers enterprises will be under the personal supervision of George Evans. Mr. Evans has cooked for many local and nearby establishments and enjoys en excellent reputation as a chef. The club room will be a one story structure and will feature a large fireplace. It will be available for use by organizations as well as private parties.

Closed for nine years, Vichy Springs, a part of the old Redemeyer estate, was recently purchased by the Erickson brothers and Stanley Watson, the former taking for their share the resort area proper and land along the Vichy Springs Road. Mr. Watson took the range land, completing the 7,100 acres of the estate, as his share of the purchase.

## William Sloan Dies

William Sloan died at the age of 70 in his home at 199 Cleveland lane, February 18. The funeral was held under the auspices of Father Sharkey Saturday from Lance and Zimmerman chapel. Interment was in Ukiah cemetery.

## OUTLOOK HAZY ON MARKET FOR '49 BARTLETTS

The outlook for the Bartlett pear market next year appears fair so far as can be determined at this time, according to Secretary Don Ward of the Agricultural Adjustment Agency. He estimated the demand as "fairly lively, although prices will be nowhere near what they were last year. Pears sold for as much as $135 a ton then. This year they'll probably go for $85 or $90 a ton."

**LATE HARVEST WILL HELP**

The unusually cold winter will postpone the harvest until late August or possibly September, Ward said, which will be good for the trade because Bartletts will hit the market well after Georgia peaches, thus avoiding competition and resulting lowered prices.

It is too early at this time to predict the size of this year's harvest, Ward said. Indications so far are about normal, although a late frost might take some of the fruit. Seventeen thousand tons were marketed last year, slightly under the 21,000 ton average produced in the county and valued at $1,500,000.

**CANNERY PRICE TO BE LOWER**

A lower cannery price is expected by F. P. Stipp, a director of the Ukiah Fruit Growers cooperative. The price canners will pay depends greatly on what eastern markets will pay for fresh fruit. The extent of reduction in prices will not be known until the middle of July when the size of the crop can be balanced against other factors of demand and competition, Stipp said.

**Reductions in prices of canned fruit of from 15 cents to a dollar a case are reported by Millard S. Purdy in the Wall Street Journal (Feb. 17, 1949). He reports that many small independent canners are "quietly punching holes in the price structure," but adds "so far the giants of the industry . . . are holding their general price lines. They've trimmed fruit cocktail and tomato catsup, but that's all."**

On the other hand, the same article reports that West coast pears have almost quit moving. "Wholesalers report their bargain hunting is turning up discounts of 40 to 60 cents a dozen under listed prices," writes Purdy.

## How's Your Listening Time?

Buck Howell and I were in Baleville last week. Dropped in at Bob's diner where some friends were sitting around talking about whether to sell hogs now or wait.

Buck plunges right into the discussion. He's lecturing away when suddenly they all stand up and start stomping their feet like it was an Indian war dance.

I'm flabbergasted. But Buck only looked sheepish and explains, "Guess I was talking again, when I should of been listening. When a person's *talking* time gets out of line with his *listening* time around here, the gang reminds him by standing up and stomping."

From where I sit, that's a good system. Everyone has a right to his opinions—but others have a right to theirs, too—whether it's deciding between to sell or not to sell, apple pie or cherry pie, or a glass of mellow beer or cider. Life's more interesting that way, and hang it if you don't sometimes learn some thing!

# "Mann to Man"

## Notes from Here and There . . . by George M. Mann

We enjoy knowing that our column is being read. We have a letter from Willow Creek this morning written by Mrs. John Hodgson, who lives on highway 299, one mile east of Willow Creek. This is in Humboldt County. Mrs. Hodgson very kindly advises that she was raised in Southern Illinois and has made hominy for forty years. She offered to let me know how it is done so I am writing to her and asking if she will give me her recipe so that I may compare it with another that a kind lady sent to me. Mrs. Hodgson has a little community church that she and her friends are building which they hope to dedicate when it is completed and furnished and free of debt. She wanted some chairs for this church and wanted to know from what chair company she could get them. Chairs of this type are terrifically expensive these days. Even the freight is a tremendous item. The chairs in new Ukiah theatre cost over $25,000, which will give you some idea of their value. However, we had some old chairs stored in the State Theatre in Eureka which we are offering in a letter today to Mrs. Hodgson for use in her little community church in Willow Creek.

Geo. M. Mann

The La Honda, California, Post Office is located in a building which was said to be erected by the Younger brothers in 1865. This building was recently robbed and the Post Office Department is now looking for the burglars. The Younger brothers were bandits many years ago. At one time they were thought to be connected with the Jesse James gang. This old building has been known for many years as the "Bandit Building." The bandits of the period around 1875 to 1885 were the Younger brothers, the James boys and the Dalton boys. Many stories have been written about these boys, who were considered more or less Robin Hoods and beloved by many of the citizens of the territory in which they operated, which at times made it easier for them to escape many of their depredations. I, particularly, can imagine how people would be attracted because I knew the younger of the Dalton brothers, Emmet Dalton was a very charming chap who visited me quite often in San Francisco many years ago.

This acquaintance brings to mind the story of some old chap who recently claimed that he was about 100 years old and that he was the original Jesse James. This story was eventually discounted because this old fellow had very large feet. In the James Boys Museum in St. Joseph, Mo., they have a pair of Jesse James' boots, which show that he had very small feet. That is the point where my acquaintance with Emmet Dalton came in. Emmet had very small feet and in talking with him, he told me that he and his brother, when they were boys, seldom walked—they rode horseback, which is why their feet did not develop. My father and his five brothers were raised in the mountains of Virginia where many of the early roads were impassable for wheeled vehicles, so everyone rode horseback. My father and four of his brothers had very small feet also. I remember my father weighing over 200 pounds and wearing a size 8 shoe.

Today I am writing to my friend Art Larson of Fort Bragg to ask him if he remembers anything about the man who was connected with the police department in Fort Bragg and developed a very wonderful boys' club. As far as I know at that time, there were no delinquent boys in Fort Bragg, which shows the wonderful effect our police department can have on the minds of the young. Most kids seem to think the police are their enemies while I know the police department is the first place the kids should go for a friend and also if they need advice. Today I have addressed letters to two of my friends who are producers of short reel subjects for motion picture companies, Oscar Morgan of Paramount Pictures and Norman Moray, of Warner Brothers, to see if I cannot interest them in making short reels to assist in creating a greater interest among jun in any place where we operate veniles for our police department theatres where they have not been 100 percent in cooperating with the kids.

(Editor's Note—Can you mean "Johnny Barney" Ruschetti, later Chief of Police at San Rafael.)

Very frankly, I am against Communism and maybe it is because I don't understand why anyone cannot be satisfied with the great country in which we live and the opportunities which everyone has to get ahead in the world. Our living conditions are far better than any place I have ever been and I have traveled around the world and to all of the continents except Africa. But lately I have begun to believe that our advisers were right in not helping the Nationalist Government of China, nor do I see how anyone or any government is going to control this enormous country that has nearly 500,000,000 people. It is not just one of those countries like Czechoslovakia, which I have visited and which is a beautiful country, or Poland or any of the small Balkan countries. So I am led to the thought that all is not lost in China, and if the Communists will not be able to control this vast country with their government. To substantiate this point, Colliers has an editorial, under date of January 29, 1949, which is headed that China is hungry and not Red. This is a real statement. When you come to think of it, hunger is the most moving factor in the world. Economics cause most of the troubles in our great universe.

SCOTT'S SCRAP BOOK — By R. J. SCOTT

# COUNTY SEAT

C. Paul Sutterley

During the rainy season, high up on the southeastern hills of Coyote Valley a waterfall is plainly visible. From state highway 20 below, the fall resembles a thin silver strand. There is a pool at the base of the fall where each suceeding generation of valley youngsters have waded in the spring. At the crest of the fall some 20 feet above the pool there is a natural year-round water reservoir. The terrain is infrequently visited by adults and the youngsters rightfully consider it something set aside for them. Wildflowers thrive here and in a few short weeks, Easter Lilies, Maiden Hair, ferns of all description, Dogwood, Chinese Lanterns, Johnny Jump Up and Hounds Tongue will invite young hearts to the music of springtime.

A sense of touch can be of great importance. Ever meet a stranger whose firm handclasp and warm smile made you friends from the start? The "Press" strives to give its readers that right touch with a firm handclasp in honest news reporting and a warm smile in personal interest and feature stories.

Toothaches are like most other pains. When we have them nothing seems worse. Al Niderost, the star junior merchant of the County Seat newspaper sales force, walked into the office with a woebegone look on his face one morning last week. Aloysius, his full name, is a rangy growing lad with a big grin and an occasional intense look which makes him look older than his 14 years.

His face was slightly swollen from the effects of a recently bad now pulled tooth. The lost look was due to the fact that it was Wednesday and Al wouldn't be able to ply his papers. This made us think of teeth in general so we called a dentist.

Doctor Withrow when asked if there was a National Dentist Week said, in good humor, that as far as he was concerned there were 52 of them.

We have gone by way of the barn to get to the point but if you havent' had a dental check-up lately let this be a reminder.

Disappearing Landmarks—

After January 1, 1948, the state highway department became responsible for certain additional state highways running through communities. Part of this responsibility is in the care of the trees over the highways. Mr. "Dick" Underwood and Mr. "Rusty" Flores of the state highway department worked diligently at the task of cutting down the tree in front of the White Cottage Cafe on South State. The tree leaned too far over the highway and was a menace to traffic.

It was time to contact one respected patriarch.

The young old timer lifted a battered gray fedora and lightly flicked the resting first honey bee of the season from it into the air. We were standing on a sunny corner and the afternoon shoppers were passing by.

"Spring won't be long coming, that tree you're talking about is a black locust. It has stood there for at least 75 years. I remember it when I was a boy as a full grown tree. Doctor George McCowen had a residence there. He was a dentist and a mighty fine gunsmith too.

Yes sir, a good many first settlers in this part of the country came from Missouri and imported the black locust with them. At one time there was a row of them in front of the Cecille Hotel. The black locust is easy to transplant and is a fast growing shade tree.

Always glad to help you son with stories of the county seat's fast disappearing landmarks."

## LEGION POST IN BOONVILLE TO BE GIVEN CHARTER

Boonville's Redwood Empire Post No. 385 will receive its charter Friday from American Legion officials headed by District Commander Tiny Ryan. Robert Hawkes will be installed as post commander and Carrol Grubaum as adjutant. The meeting is announced as a public affair, with valuable door prizes to be awarded after the meeting. The money will be divided and used to outfit the post on its own.

Ed Staehli, chairman of the county board of supervisors will be there to welcome the post into this district. Other posts in the county will send delegations to help the boys get started.

Place of the meeting is to be at the Apple Hall, in Boonville.

# BLINDED MEN SPUR STUDY OF ATOMIC PERIL

By Rennie Taylor
Associated Press Science Reporter

Berkeley Calif.—Probably 200 atomic scientists have been exposed to cyclotron rays such as those which apparently caused five cases of eye cataract, say University of California researchers.

No further outward signs of damage have been reported. However, Dr. Gerald E. Krueger of the University of Illinois, one of those whose eyes were damaged, has suggested that all of them undergo examinations by eye specialists for possible hidden injury.

The estimate of the number of persons exposed is that of Dr. Lloyd Smith, another of the five affected persons, and Dr. Joseph G. Hamilton, physician in charge of the medical cyclotron in Berkeley, where hundreds of scientists have worked near these rays without a reported case of eye injury.

The cataract cases, says Dr. Hamilton, illustrate why scientists have been trying strenuously to learn more about what atomic radiation does to living things.

The answer involves the health of perhaps 10,000 people working in one way or another with atomic radiation. It also concerns the Army and Navy and other groups who some day may have to deal with atomic power or atom bombs.

All the researchers involved knew the potency of neutron rays. They thought they were being careful. They had periodical blood tests which they relied upon to show any beginning sign of damage.

But yet, years later, five of them discover that they have lost a part of their eyesight because the rays struck a vulnerable part of their body without affecting their blood.

**This proved that blood tests are not enough. Medical scientists long before had suspected as much and provided additional safeguards. However, there was an interval of two or three years prior to 1942 during which powerful cyclotrons were just getting into operation in various parts of the country.**

Dr. Smith, a young physicist now working here, says:

"Adjustments have to be made now and then to keep a cyclotron functioning properly. The adjusting is best done while the machine is running. This means getting the head and shoulders within a foot or so of the neutron producing chamber for a few minutes at a time.

"The adjuster, of course, does not get into the direct path of the neutron ray but comes within the range of stray neutrons flying out of the chamber. In the course of a year and a half I probably spent a total of not more than 30 hours in this way."

One of Dr. Smith's eyes now is almost sightless and the other is materially impaired. An operation can restore sight. A thick eyeglass lens will take over the focusing job.

A little badge containing about a square inch of undeveloped photographic film might have saved Dr. Smith from complications. Everyone who works around cyclotrons and atomic piles now wears such a badge. The films are developed periodically. From the degree of fogging, experts can calculate the amount of radiation.

If the film indicates a person has received more than one-tenth of a roentgen of radiation daily he is kept away from rays for a while, until the passing of time lowers his average daily absorption.

Since Dr. Smith did not wear such a badge he does not know how much radiation he took in terms of roentgens. Science knows approximately how much X-ray exposure is needed to produce cataracts, but neutron rays may be more potent in that respect.

Neutrons along with protons make up the cores of atoms. A neutron ray is simply a stream of these particles whipped up to speeds of thousands of miles a second. They are particularly destructive in living tissue, says Dr. Hamilton, because they can act in three different ways.

This particle can strike and change the nature of an atom of carbon, oxygen, nitrogen or other chemical component of the cell and bring about a change in the cell itself. In the case of the eye lens it may cause a normally clear cell to become cloudy.

Another destructive sequence occurs when the neutron strikes a nitrogen atom in the cell's protein. The atom becomes radioactive. It turns into an atom of boron and a heavy nuclear fragment called an alpha particle, which also can attack the structure of the cell.

The third process occurs when a single neutron strikes several hydrogen atoms, one after another, turning each of them into an atomic bullet which can damage cell material. After doing that, the neutrons can smack into a nitrogen atom and produce another cell-destroying alpha particle as it did in the second process.

Atomic piles or ovens produce tens of thousands of times as many neutrons as do cyclotrons. However, piles are much safer in that respect than cyclotrons, says Dr. Hamilton, because the neutrons are walled up more completely. Also the piles do not have to be entered for making adjustments.

## 25 SPEAKERS TO BE FEATURED AT LIVESTOCK DAY

Practically all phases of livestock raising will be covered in talks by 25 specialists during Animal Husbandry Livestock day at Davis Saturday, March 12.

A general program in the morning will be followed by section meetings in the afternoon devoted to beef cattle, dairy cattle, sheep, swine, and horses.

Knowles Ryerson, assistant dean of the College of Agriculture, will make the welcoming speech at 9:30 a. m. Four lectures on animal nutrition, veterinary science, and objectives of the college of agriculture will precede lunch in the university cafeteria.

**The fence around the south entrance to the high school is not to keep students in, reports Principal W. A. Chessall. It's to keep them out while landscaping improvements are being made by the agriculture classes, supervised by Charles Cook. Improvements include work on the lawn and a protective hedge.**

## SUPERIOR COURT DECISIONS

By Judge Gibson

Andrew W. Warner et ux vs. Consolidated Fish Co., et al: On July 12, 1947, defendants sold a fishing boat to plaintiff at an agreed price of $2,500, the sum of $500 of which was paid down, and the balance was to be paid within a short time thereafter, no precise date having been set. Plaintiff fitted with the boat a few days, at the end of which time he told defendants that he couldn't go on with the deal and thereupon surrended possession of the boat to the defendants; whereupon latter told him if he could get a cash purchaser for the boat for $2,500, they would give him his $500 back that he had paid down. Plaintiff tried to find a purchaser who would pay cash for the boat, but was unable to do so. He sent different prospective purchasers to defendants, but none could pay cash and no cash deal was consummated. Finally, defendants sold the boat on time contract to one of the men plaintiff had tried to sell the boat for cash to, for the $2,500. Plaintiff then brought this action to recover the $500. Under well settled law, where payment down on purchase price has been made, and the purchaser fails to complete the deal through no fault of the seller, the former will not be permitted to recover back the down payment. Since plaintiff was not positive in his testimony, as were the defendants, that he was to get the $500 only in the event that a cash deal was made, and none was made, plaintiff has, by his own testimony, foreclosed this court from finding in his favor. Judgment must be made for the defendants.

Santa Rosa Credit Bureau vs. Edward Mattle and Victoria Mattle. This law suit arises over the erection of a neon sign in front of the place of business of defendant in Fort Bragg. Plaintiff is assignor of man who erected sign, whose name was Mitchell. Defendants and Mitchell had agreed upon erection of sign, according to specifications. Sign was thereafter erected by Mitchell, but the evidence shown without a doubt in the court mind, that such sign was not erected according to agreement. It was put up during defendant's absence and when they returned, Mitchell was immediately told by them that the sign was not, in any respect, what they had ordered, that they would not accept it, that the sign must be taken down, that they would not pay for it. Mitchell told them he thought they would like the sign, and left it there. He was again told to take it down, that the defendants would not accept it nor pay for it. The sign was erected in the early part of 1945; Mitchell did not come near the Mertles anymore; Mertles did not, according to their testimony, hear anything from Michell until Feb. 14, 1947, when they received a letter from him stating that if the sign was not paid for, he would sue them; they replied, through an attorney, that they would not pay for the sign, and this action was commenced six months later. Since the great preponderance of evidence favors the defendants in this case, the judgment must be against the plaintiff and in their favor.

G. E. Huff et ux vs. Mary Stornetts, as Adm., etc.,—Plaintiff granted a decree quieting title to lands on South Coast.

**DIVORCES GRANTED**

Nellie Riley vs. Theodore Riley: Plaintiff granted divorce on the ground of extreme cruelty.

Ruth Fulton vs. Michael Fulton: Plaintiff granted divorce on the defendant on the ground of the grounds of extreme cruelty; property settlement approved.

Harry M. Allender vs. Jesse Allender (Ukiah): Plaintiff granted interlocutory decree of divoce from the defendant on grounds of extreme cruelty. No children, no community property.

Viola V. Samply vs Eldred C. Samply (Redwood Valley): The plaintiff granted a divorce from defendant's conviction of a felony. Three minor children were awarded to custody of mother.

Zenna Z. Snyder vs Buckley Snyder (Fort Bragg). Plaintiff granted divorce from defendant on the ground of extreme cruelty. No children, no community property.

Lelia Schamber vs Eugene Schamber (Ukiah). Plaintiff was granted divorce from defendant on the ground of extreme cruelty. No children, no community property.

Royal Rose vs Florence Kasch: Action for damages arising out of collision between motor cycle and automobile, at intersection of Main and West Valley Streets in Willits. Plaintiff was riding cycle south on west side of Main Street, defendant driving auto northerly on Main Street, and turned toward Valley Street: the collision occurred almost at the curb on the west side of Main Street, on plaintiff's side of the street. Defendant was not observing the provisions of Sections 545, 546 or 551 of the Vehicle Code, according to the uncontradicted evidence in the case, and defendant also testified that she was not watching the oncoming traffic from the north so as to observe the plaintiff, and that she did not see him at all until the instant of the impact. Plaintiff is entitled to judgment for the total sum of $394.35.

H. A. Jenny vs Charles Cook and J. B. Cook: Plaintiff lives a distance west of State Street in Ukiah, and a private driveway leads to his house from State Street. Driveway owned and used by a number of adjacent home owners. On June 11, or June 12, 1947 (plaintiff says one date, his wife, the other) at night, as plaintiff was driving out of the driveway, a car was parked therein, and no one in it. As plaintiff arrived at the parked car, its front door flew open, plaintiff suddenly swerved his car to the right to avoid the door, his door flew open. He reached out to seize his door, and in some mannar unexplained, his hand got caught between the two cars and was crushed. Plaintiff sues the defendants, claiming the parked car was theirs and that it was negligently parked. Plaintiff and his wife, who examined the car on the night of the accident, testified positively, it was a coupe, and the door opened from the front and swung to the rear. The testimony of the defendants was that they did not own a coupe nor any car that had a door opening from the front and the records of the Vehicle Department proves they are right in that respect. Such evidence relieves the defendant from liability. They would not be liable, under the evidence, anyway, since it is not negligence, in and of itself to park a car in a private driveway. There was plenty of room for the plaintiff to have gone around the parked car on either side, so as to have completely avoided contacting it. There was no evidence that the person who left the car there had any knowledge that the car door was likely to open, nor what caused it to open. Judgment for the defendants.

Alice Wilson vs. Joseph Wilson: Plaintiff granted a divorce on the ground of extreme cruelty. Custody of child to her, defendant to pay $40.00 per month for support of child. Property settlement agreement approved.

Korda B. Trussell vs. Robert Trussell: Plaintiff granted a divorce on the ground of extreme cruelty.

H. M. Cochrane et al vs. Ralph Hogan et als: Judgment relative to road entered pursuant to stipulation.

## 4 BOYS ESCAPE UNHURT AS CAR TURNS OVER

Four boys were slightly hurt early Tuesday morning when the car they wer riding in from San Francisco to Ukiah hit a slick place in the road near Petaluma, went off the road, and turned over one and a half times.

Robert Hollander, Jr., son of Mr. and Mrs. Robert L. Hollander of the Redwood Motel, climbed out of the demolished car with glass cuts on his face. His cousins, Robert Wheeles and Richard Barney G. Rainwater, received bruises. Hollander called the highway patrol from a nearby house.

Hollander and his cousins returned to Ukiah yesterday. His cousins are visiting in this area.

## COLONIAL TEA HINTS OF EARLY DAY SOCIAL AFFAIRS

For thirty years, the Presbyterian Ladies Society have annually presented their Colonial Tea, one of the most talked of events of the year. Costumed in gowns of the very early American era which were accented with quaint powdered wigs, the ladies of the organization graciously received their guests in the church parlors yesterday afternoon.

President Louise Bernhard introduced the following program numbers: two violin solos by Mrs. Edith Southwick accompanied by Mrs. Elinor Lawrence, "Cavatina" by Carl Bohm and "Old Refrain" transcribed for the violin by Fritz Kriesler.

Mrs. Walter Jaminson gave an interesting talk on the religious life of George Washington and told of her trip to the south where in Fredericksburg she visited the home of Mary Washington, the Masonic lodge of which George Washington was a member and the Episcopal church where he worshipped. She concluded her presentation with the reading of several poems about the first President.

A trio composed of Mrs. Lenore Stone, her daughter, Robin, and Mrs. Yamond York sang two numbers, Beoutiful Dreamer and Nightingale. They were accompanied by Miss Gloria Pacini.

Mr. and Mrs. Elmer Purdy danced a group of folk dances which were much enjoyed. The first, a Mexican dance, was followed by a characteristic Danish dance in two tempos. They concluded with a number in three-quarter time patterned after the old English dance.

Following the program, tea and coffee were served at individual tables prettily decorated with varied centerpieces of Spring and patriotic motif. Artificial cherry trees, American flags, potted plants early Spring lilies and Colonial figurines lent charm and variety to the scene. The church parlors were adorned with arrangements of huckleberry and other greenery.

Several bazaar tables attracted guests who shopped about making their purchases. The food sale was chairmaned by Mrs. George P. Anderson; Daisy Rogers supervised the needlework and Mrs. Ida Brown the white elephant table. Mrs. Guy Redwine directed the decoration committee and Mrs. Lloyd Bittenbender had charge of the tea service.

### CHRISTIAN CHURCH ACTIVITIES

The Western Neighbors will meet Thursday, February 24, in the home of Mrs. Witherell, at two o'clock.

The Northern Neighbors will meet on Friday, February 25, in the church at two o'clock.

The Young Neighbor Group will meet also on Thursday in the home of Mrs. S. Williams, 495 No. State at 8 p.m. This is a new group and has not yet chosen its name. Officers are President, Mrs. Joy Ashford, Vice President, Mrs. S. Williams, Secretary-Treasurer, Miss Marilyn Hooper. The sponsors are Mrs. R. Withrow and Mrs. J. Mumbower.

The Junior girls, from eight to twelve years of age, will meet in the church on Sunday afternoons at four o'clock. Mrs. Buford and Mrs. J. Mumbower are sponsoring this group, a branch of the Christian Endeavor.

The Ladies Aid met Thursday, February 17 in the church. New officers were formally installed by Reverend John Mumbower in a candle service of consecration and prayer. The group decided to adopt a five-year-old Chinese war orphan for the year. After the business session a letter was read from Mrs. Orin Bollinger describing her family's visit to Lincoln's old home, and an article was read about Lincoln and the Bible. Hostesses were Mrs. Melchwine and Mrs. Mumbower.

### IT'S A BOY THE HALE McCOWEN, JRS.

Mr. and Mrs. Hale McCowen, Jr., welcomed a new son born Tuesday, February [illegible] at Palo Alto. The infant weighed 5 lbs. 1 oz. and has not yet been named. He has an older sister.

Attorney Hale McCowen of Ukiah, paternal grandfather, was happy to learn of the grandson, first to carry on the family name. Mr. and Mrs. [illegible] Smith, also of Ukiah, are the [illegible] nal grandparents.

Mrs. L. L. Hughes, [illegible] chairman, will present Mrs. Olive E. Busch as guest speaker at the meeting of the Potter Valley Grange on March 10. She will speak on the subject of "The Public Debt and Taxes."

### GARDEN CLUB SPECIAL ANNOUNCEMENT

**The Ukiah Garden Club will hold their evening meeting on Thursday evening, February 24, in the Episcopal Guild Hall at eight o'clock. Because of a freak accident at the Municipal Clubhouse Monday morning at which time the oil stove blew clouds of soot about the club room, it was necessary to change the location of Thursday's meeting. The Ukiah Fire Department answered the call to the clubhouse but report no serious damage.**

## ISLAND HONEYMOON FOLLOWS S. F. WEDDING RITES

Now enjoying a honeymoon in Honolulu, Hawaii, are the newly wed Mr. and Mrs. Gene Vayssie (Jeanne Chicourrat) who made the trip by clipper plane following their wedding in the Notre Dame des Victoires church in San Francisco. Mrs. Charlotte Collins, grandmother of the benedict, attended the February 12 rites accompanied by Mrs. Jessie Brunner.

The groom and his brother Robert, who attended as best man, are well known in Ukiah, having spent many vacations here with Mrs. Collins. The bride is the daughter of Mr. and Mrs. Henry Chicourrat who formerly lived in Ukiah and are well remembered here.

For her wedding dress she chose a formal white satin. She was preceded to the altar by four bridesmaids and a matron of honor, her sister-in-law Mrs. Andre Chicourrat.

Following the [illegible] formal wedding rites a reception for more than three hundred guests was held in the St. Francis Yacht Club. For her going away costume the bride changed to a navy blue and white ensemble.

The new Mrs. Vayssie is a graduate of the [illegible] Francisco College for Women and her husband of Menlo Junior College. Mr. Vayssie and his brother are managers of the [illegible] Roosevelt in San Francisco.

## Young Adult Club Honors Officers

The regular meeting and installation of officers of the Young Adult Fellowship was held on Friday evening, Feb. 17, in the social hall of the Methodist Church. A delicious potluck dinner was enjoyed by forty-three members and guests. The tables were beautifully decorated with lavender iris and yellow candles. The table for honored members, Reverend and Mrs. Charles Lindeman, Dr. and Mrs. L. K. Van Allen, Grace Toles, past officers and new officers, was especially lovely with crystal place settings.

President Bert Hinds introduced Grace Toles, mistress of ceremonies, who welcomed members and guests.

The new officers, President Harold Kirk, vice president, Robin Woodworth, secretary-treasurer, Helen Musser, hostess, chairman, Pauline Swigart, and program chairman, Rita Anderson were installed with amusing sounds thought up by Eleanor [illegible] installation chairman.

Following the business meeting the group was entertained with bingo and folk games.

## Sunday Afternoon Symphony Announced

Director George Trombley of the Sonoma County Symphony orchestra announces that the symphony is trying a new plan of presenting some of the concerts on Sunday afternoons. The move is designed to accommodate out of town music lovers and the symphony board has made plans for the first Sunday afternoon concert February 27th at 3:30 in the Santa Rosa High School Auditorium.

Guest soloist is Karl Multti, concert violinist who has played some six hundred programs in the past in Europe and America. He will play the Max Bruch concerto in G minor with the orchestra. The orchestra will play Weber's Overture and Cesar Franck's D minor symphony. This is an extra fine program and music lovers generally will be pleased with Director Trombley's [illegible] Sunday afternoon concerts.

### [illegible] TA TREE

[illegible] a council [illegible] 56, Degree of Pocahontas, will meet Thursday evening, for drill practice and initiation. Tena Cunningham, Pocahontas, [illegible] reside.

## HARRY FALKS TO SEE MARDI GRAS

Mr. and Mrs. Harry Falk will leave Ukiah this week to drive to New Orleans for the annual Mardi Gras festival. They expect to be gone about two weeks and in addition to the many interesting Mardi Gras events will enjoy stops along the route at special points of interest.

While in New Orleans they hope to meet the Misses Esther Redwine and Olive Higgins, who are making the trip aboard a De Luxe train which leaves San Francisco February 25, and the Chester Spierings of the Blakeslee-Spiering Co.

## B.P.W.C Enjoy Program on Alaska

The theme for the last dinner meeting of the Business and Professional Women's Club, which was held in the Palace Hotel February 17, was Alaska. The evening took the form of a tour of Alaska aboard the S. S. Aleutian and cabins were assigned each passenger as she entered the room.

Dinner opened with the salute to the Flag led by Mary Ellen Lance and the reading of the club collect by Bess Eversole. The mystery prize was won by Mrs. Marion Marvin.

Captain Louise Bernhard introduced her crew responsible for the splendid evening, as follows: Purser, Henrietta Willford; Pilots, Sarah Mason and Mary Ellen Lance; Stewards, Olive Crawford, Evelyn McLeod and Helen Morrison; Hostess, Bess Eversole.

Mrs. Margaret Byrnes sang two solos in honor of Washington's birthday, "Second Minuet" and "Old Spinning Wheel." She was accompanied by Nanette Hofman.

Captain Louise Bernhard told of her trip to Alaska last August and the many interesting events of the trip. Harold Veatch then showed colored films of Alaskan scenes, mostly of the area around Sitka where he and his wife live. Mrs. Vaatch then concluded the program with a short talk on Alaska from the viewpoint of a resident and told of the interesting work done by women of that territory in various lines of business.

## Breakfast Auxiliary Hold Social Meet

Members of the Breakfast Club Auxiliary met February 14 in the House of Garner where fifteen covers were laid for dinner. Tables had been decorated in the Valentine motif with red candles and individual Valentine baskets used as place cards.

Two new members, Mrs. Lettie Perkins and Mrs. Joseph Hinman of Upper Lake, were welcomed by the group. Members presented their president Mrs. Charles Lewis with a potted house plant.

The next regular meeting will be held on Monday, March 14.

### DAVID PORTER ENROUTE TO GUAM

David Porter son of Mr. and Mrs. George Porter, 525 School street, 'shipped out' this week as seaman with the U. S. Navy on board a ship bound for Guam.

David, who graduated from the Ukiah high school last June, has just completed his schooling and training at the San Diego naval base where it is reported his grades were very good. He will probably be overseas about six months.

In addition to his parents, David has a younger brother Stephen, living in Ukiah.

### WEEKEND VISITORS

Mr. and Mrs. Alan E. Freeborn and two children, Eddie and Kathy of Albany spent the week end visiting in the home of Mr. and Mrs. R. A. Waterhouse. On Sunday they drove to Nice to visit with Mr. Freborn's uncle, Walter Freeborn, and family.

## PAST PRESIDENTS HONORED ON P.T.A. FOUNDERS DAY

Ten past presidents of the Ukiah Elementary Parent-Teachers Association were honored at an evening meeting of that organization held on February 15 in observance of Founders Day. Shown standing, left to right, are the Mesdames Caspar Squier, Ted Barker, Gladys Stevens, R. L. Wilsey, John Mason, J. H. Hansen, Julia Shinn and Irving Brazier. Seated at left, Miss Grace Toles and at right Mrs. Nanette Hofman.

Each past president [illegible] presented a corsage by President Mrs. Robert Frohn as program chairman, Mrs. Frank Allen told of the highlights during each term of service. Mrs. Everett Evans explained the Oak Tree, emblem of the Congress of Parent-Teachers and Mrs. C. C. McFarling gave the history of Founders Day.

Mrs. C. R. Yarbrough explained the significance of a life membership. The elementary school PTA this year presented a life membership to Miss Ada Banker who in turn presented one to Mrs. Anna Porterfield. Principal Frank Zeek gave a history of each of the honorees who were unfortunately unable to attend the meeting.

Refreshments were served by the following fourth grade mothers: the Mesdames Glenn Weger, Dell Chase, Robert Lundin, Tom Poulos, Harry Brunges, Rex Jahn, N. M. Ethridge, Paul Sikora and Chairman, Mrs. Lawrence Wildberger.

## MRS. HENRY BASSINGER TO ENJOY SUMMER FLIGHT TO EUROPE

A round trip air flight to her home in Holland has been planned by Mrs. Henry Bassinger who has not seen her family and friends since she left Europe in 1929.

Mr. and Mrs. Bassinger, proprietors of the Beacon Drive-In, on the south highway across from the airport plan to drive to New York some time in June. Mrs. Bassinger will board a plane there.

She plans to visit her mother, Mrs. Pauline Kalus, now seventy-eight years old, and her brother who is a professor of mathematics at the University of Tubingen. Mrs. Bassinger will arrive in Holland in time for the celebration of her brother and sister-in-law's silver wedding anniversary.

Trips to the town of [illegible] where she was born, and to Amsterdam, Cologne and Stuttgart have been planned. She also hopes to visit Ulm and see again the Munster Church which has the tallest church spire in the world. The structure was begun in the 15th century and Mrs. Bassinger and took 500 years to complete.

While his wife is vacationing in Europe, Mr. Bassinger plans to visit members of his family in Minnesota and Wisconsin whom he has not seen for many years.

Arrangements for the European trip were made through the Ukiah Travel Agency. Mrs. Bassinger expects to be gone about three months.

### BEAUX ARTS BALL LOCATION CHANGED

**Of general interest is the change of location of the Beaux Arts Ball. Originally scheduled for the Muni Club House, the costume ball will be held on the scheduled date, Saturday, February 26, at the Elks Hall on South State Street.**

**The Redwood Empire Art and Music Center assures all attending that the change in location will not affect the promised exhibits nor the color of the affair. A limited number of tickets are still available and reservations may be obtained by calling Mrs. Paul Hansen at 461-J.**

### CHURCH GROUP SEE ALASKA FILM

On Tuesday, March [illegible] the Episcopal Church will hold a potluck dinner in the Guild Hall at six o'clock. All members are invited to attend. Following dinner, colored pictures of Alaska will be shown by Harold Veatch who with his wife is now on vacation from Sitka where they operate a newspaper.

## Local Physician Attends Los Angeles Medical Convention

Dr. and Mrs. Arthur Miller together with Dr. and Mrs. Paul Johnson of Seattle, Washington, plan to motor to Los Angeles to attend the annual Postgraduate Assembly of the College of Medical Evangelists Feb. 27-Mar. 3.

In addition to professors of Western medical schools, papers will be presented by Drs. Frank H. Lahey, director, Lahey Clinic, Boston; Andrew Ivy, vice-president, University of Illinois, Chicago; Waldo E. Nelson, Temple University of Medicine, Philadelphia, and Morris Fishbein, Editor, The Journal of the American Medical Association, Chicago.

Dr. George T. Harding, formerly a professor at Ohio State University Medical School and newly elected president of the college, will discuss "The Relationship of Medicine to Religion."

Doctors attending the scientific sessions will have a choice of eighty clinical presentations and general lectures during the three day meeting.

## POTLUCK DINNER WELL ATTENDED

Approximately seventy covers were laid for the Emblem Club potluck dinner held in Elks Hall on Friday evening attended by Emblem Club members and their husbands.

Tables were decorated in patriotic theme and the president's table featured pictures of Lincoln and Washington and red, white and blue decorations.

Co-chairman Mrs. Peter Senseri and Mrs. Ferd Faas were in charge of decorations. Serving was done by all members and it is reported that even the men helped to clean up afterwards. Hot casseroles, chicken, fish, salads, and many other delicious dishes tempted the appetites.

Following the dinner, dancing was enjoyed by all.

On Saturday, February 26, Emblem Club and Elks members will attend meetings in Lakeport.

## Americanism Theme Of Auxiliary Meet

Lewis White Unit No. 76, American Legion Auxiliary, devoted their meeting of February 16 to Americanism in observance of Washington's Birthday.

President Alice Dougherty presided at the business session, extending thanks to the committee who conducted the food sale on February 12.

A rummage sale for the near future was also discussed.

The auxiliary was invited to attend the Legion's thirty-first birthday party on March 16 and Myrtle Eglin, Charlotte King and Lillian DeKeno were named to assist with entertainment.

**Americanism Program**

Following the business session, Myrtlie Eglin read questions and answers on American history written by junior high school students, many of which proved to be more amusing than informative. Mrs. Eglin also sang four numbers, Little Old Lady, Minuet, Grandma, and Four Leaf Clover, concluding the program with a discussion of Americanism — Democracy of the World.

Refreshments of cherry pie and coffee were served from tables decorated in red, white and blue augmented with small American flags and silver hatchets. Bessey Scott, Prudence Lavletta, Charlotte King and [illegible] were in charge.

## As Spring Awakens

**IT HAS BEEN SNEAKING UP** on us gradually, this feeling of Spring, and cannot be ignored any longer. The Spring flowers are up though not yet in bloom and the trees are showing definite signs of awakening. In spite of the rains we are still having there is that feeling in the air that Spring is not far off . . .

**APPLICATIONS ARE BEING REGISTERED** steadily at the Marianna Shop from young couples interested in competing for the coveted role of Ukiah's Bride and Groom. The Marianna Shop and The Shoe Box are sponsoring the contest and prizes have been donated by scores of Ukiah merchants. Through the month of March, all merchants who have donated prizes will give coupons with every $1.00 purchase, so that friends and relatives may vote for their favorites. The most popular couple wins the contest, so don't forget to cast your votes.

**FROM TIME TO TIME** we read on our Associated Press wire a series of interesting stories called "Flashes of Life." This week there was a story from Santa Monica where once again the law says Safety First is not living up to his name. A man from Pacific Palisades does have that name, and this week Motorcycle Patrolman Kenneth Aitken said he clocked him at 55 miles per hour in a 35-mile zone. One and one-half years ago, Safety First paid $15 for doing 65 in a 25-mile zone.

**AND THEN THERE WAS** the story about animal trouble in London. The British postoffice is complaining that stags in the Scottish Highlands are wearing out telephone poles. The big deer use the poles as scratching posts. And the P-O officials term the effect of the constant rubbing "astonishing".

### THE ROBERT GILMORES WELCOME A DAUGHTER

Word was received in Ukiah this week of the arrival on February 11 of Carol Juliet Gilmore, first child of Mr. and Mrs. Robert Gilmore of Oakland.

Mrs. Gilmore will be remembered as Juliet Baxter, daughter of Dr. and Mrs. Frank S. Baxter, also of Oakland. Mrs. Baxter is a sister of Louis and George Hildreth of Ukiah. Carol is the grandchild of the Baxters.

### "DOLLAR OPERA" AT S. F. NEXT MONTH

San Francisco—The [illegible] Opera Company, which successfully sponsored a series of "dollar operas" here last fall, has announced its second annual season will be presented in three sections.

A spring season, March [illegible], summer season June 21-[illegible] and winter season December [illegible], have been planned to satisfy public demand for popularly priced opera, the company says in making the announcement.

Miss Tomiko Kanazawa, California-born winner of the [illegible] Artists Competition, will appear in three performances of Madame Butterfly during the spring season. Miss Kanazawa is currently appearing in the East and will return to Europe following her appearance here.

Information and ticket reservations may be secured [illegible] the City of Paris [illegible] office, [illegible].

## "STATISTICAL MAN"

Here's a bit of Americana, according to statistics, about the average American.

He owes slightly more than $5,900 as his share in the National debt. He pays $100 interest on it each year. He also owes nearly $300 in personal debts and has savings of $350.

He earns $1660 [illegible] and pays $475 a year in taxes. The house he lives in cost $4600 ten years ago. It's worth $10,000 today. He has a prewar car, but wants a new one. His family consumes 160 gallons of coffee a year and almost as much milk.

One statistical person in every six gets a regular check from Uncle Sam.

Also, he's a Republican and voted for "Dewman according to the picking of the statisticians.

## WCTU Members Honor Educator

The W. C. T. U. meeting, held at the home of Mrs. Dan Layman, 414 E. Perkins, last Wednesday honored the organization's noted leader, Frances E. Willard, an American educator and reformer.

The meeting opened with the singing of America and the salute to the Flag. White candles were lighted while Past President Mrs. Sarah Ryder read several of Miss Willard's favorite scripture verses. Mrs. Layman gave the devotional.

A discussion of children's comic books and movies was held. An offering was taken for the Willard Memorial Fund and Mrs. Charles Nelson read the last will and testament of Miss Willard in which three thousand dollars and personal property was set aside for the White Sisters. Five year old Brenda Hall became a [illegible] member and Mrs. William White tied the white symbolic ribbon about her waist.

Cards were sent to members reported ill as directed by Mrs. A. S. Blankenship who presided in the absence of President Mrs. J. Smith. Plans were made for a workshop to be held the latter part of March in the home of Mrs. Blankenship.

Refreshments were served from a dining table covered with lace cloth. A bouquet of spring violets from the hostess garden was used as a centerpiece.

## New Dues Is Paid

Veterans of Foreign Wars annual corned beef and cabbage feed Saturday night was a big success, according to K. P. Buchanan, publicity chairman.

After the movies, he says, some remained until the wee hours of the morning.

## Native Daughters Plan Easter Party

Native Daughters of the Golden West met February 15 with President Veolan Chaffee presiding.

During the business session plans were made for an Easter party to be given for the veterans at Mendocino State Hospital. Alta Dillingham has been named chairman and further details will be announced later.

The prize package donated by Mrs. Chaffee was won by Leona Myers. Refreshments were served from tables decorated in the Valentine motif under the direction of Helen Carmichael and Lucille Bingham.

## VFW EXTEND "A WELCOME"

Among organizations, the Veterans of Foreign Wars have come forth with a "new first." They have initiated a drive extending a cordial invitation to all veterans who have served overseas to attend their meetings, by means of advertising the time and place of their meetings in the newspaper.

In a rapidly growing community, their commander says that the organization feels there is a bond of friendship among VFW men not found in many other organizations and he feels it important to let the veterans know they are welcome at the meetings.

He says that at the meetings men meet others who had exciting adventures in foreign service.

The V.F.W. meet on the second and fourth Thursday of each month in the Veterans Memorial Hall in Ukiah and they are sending the word to "join with them."

## Take Wedding Vows In San Francisco

A simple ceremony read in San Francisco on February 10, in the presence of a few family members, united Lorraine Bartolomei and Dirk Wildberger as man and wife. Reverend Gordon Gatlin of the Methodist Church officiated at the rites.

The announcement by the newlyweds' parents last week came as a surprise to friends. The young couple had originally been married in a ceremony read in Carson City last August but had kept the elopement a secret.

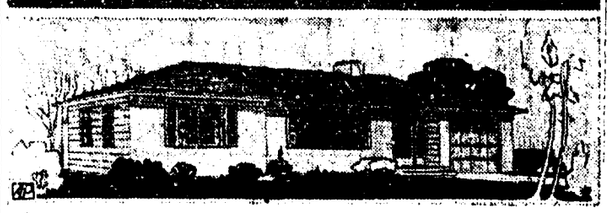
The bride is the only daughter of Mr. and Mrs. Mario Bartolomei of Talmage. She was graduated from Ukiah High School last June and is the granddaughter of Mr. and Mrs. D. Bartolomei. Her paternal grandfather is Bert Dal Pozzo. She has two brothers, Ernest and Raymond.

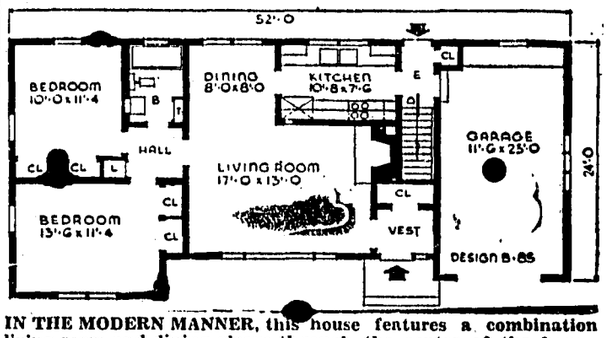
The benedict is the son of Mrs. R. J. Moore and the late George Wildberger. His grandfather is George Wildberger, Sr., and his maternal grandparents are Mr. and Mrs. Guy Elliot. He has a sister, Donna and two brothers, George, a student in College of the Pacific in Stockton, and Michael Moore. Dirk, a talented young musician, now plays drums with the Modernaires, local dance band.

For the San Francisco nites the bride wore an aqua suit with brown accessories and pinned on an orchid corsage. Both Mrs. Bartolomei and Mrs. Moore were attired in grey and wore gardenia corsages. Following the nuptials, the bride and groom were feted at a wedding supper at San Francisco's famed and picturesque Fisherman's Wharf. The new Mr. and Mrs. Wildberger are at present making their home with Mr. and Mrs. Moore on N. Oak Street.

The old bandbox could be freshened up with a coat of trim, bound edges made with basket binding.

## HOMES FOR AMERICANS





IN THE MODERN MANNER, this house features a combination living room and dining alcove through the center of the house, with sleeping quarters segregated in one wing. It is Design B-85 by the Small House Planning Bureau, St. Cloud, Minn. Exclusive of garage, the house covers 938 square feet and has a content of 18,2191 cubic feet with its basement. The low pitch of its asphalt shingled roof makes for economy of construction.

## SIMPSON STARS AS UKIAH FIVE OVERCOME BY OAKLAND BITTNERS

**The Oakland Bittners buried the Ukiah All-Stars under a 104-40 score Sunday night in the local gym. The way the Bittners passed the ball around and shot it, they could have run up 200 points if they had wanted to. The All-Stars did an excellent job, though, and should be congratulated on the way they played ball.**

Jack Simpson was outstanding in the first quarter as he poured eight points through the hoop, but regardless of that the Bittners moved into an easy 28-12 lead.

The big guns of the Bittners in the first half were Don Williams, former All-American from Stanford, with 12 points, and Bob Gardner with 10 points. Ukiah was led by Jack Simpson and Herb Wright who tanked eight and five points respectively.

At the end of the first half the Bittners were ahead 55-24, then they moved on their merry way to a 79-30 lead in the third quarter and with two minutes to go Don Williams poured through the 100th point on a free toss.

Gardner topped the evenin's scorers with 17 points while Don Williams was runner-up with 15 digits. Ed Voss, former All-American from Stanford, tanked 14 counters while "Chuck" Hanger and Don Barksdale tallied 11 and 10 points respectively. Little "Mushy" Silver played an outstanding floor game while dribbling the All-Stars dizzy.

Jack Simpson was high point man for the All-Stars with 10 points. Wally Hooper and Clarence Wright played good floor games while making six and four points respectively. A crowd of about 250 people attended and were treated to a well played ball game.

## Increase in City Gas Bill May Not Be Passed on to Users

The city's bill for propane gas went up one cent a gallon February 15, City Manager A. R. Spreckelsen said last week. At the January rate of buying--50,377 gallons -- this will amount to about $500.

Spreckelsen said he hopes the city will not have to pass the increase on to its customers as "its plenty high now." He believed the city can hold off until prices drop again by using its present balance to make up for the higher price.

## PARDUCCI TIES WITH FOGGY'S BOWLING SQUAD

In the 800 Scratch League Parducci Wines rolled a 2619 series to go into a tie with Foggy's Service for second place in High Team Series.

George's Buffet team finally got going and took two points from Parducci Wines.

There were no changes in the special events in either of the other two leagues.

## *WILDCATS CINCH LEAGUE TITLE*

The Ukiah Wildcats clinched the Northwestern League title last Friday night by trouncing the Willits "B" team 55-36, while Lakeport was losing to Fort Bragg.

It was Ukiah all the way as they rolled up a 16-6 lead in the first quarter and lengthened it to 28-16 at halftime. The third period was a slow one as Willits gained one point on us, with the score being 35-24 in our favor. In the fourth stanza Jimmy Busch got hot to score 14 points as Ukiah pulled away to win easily.

Busch was high point man for Ukiah with 26 digits, 16 of those in the last half. Butch Carlstedt tanked 15 points, 13 of which were made in the first half, to cop runner-up honors.

Loser and Kemp made 20 and nine points respectively to lead the Wolverines.

Charles Ewart, general manager of the Philadelphia Eagles of the National Football League, was a special agent for the FBI during the war.

It is estimated that ball games of various kinds have 325,000,000 spectators annually in the United States.

## Archers Re-Elect McCue President

Ukiah Roving Archers elected their officers for the year last Thursday. Jim McCue was re-elected president, Aubrey Way, secretary, Frisco Marshburn, vice president, Mrs. Joyce Meyers, treasurer, and Eddie Miller and Johnny Meyers, directors.

The club wished to express its thanks to Sherman Cornblum of the Calpella Plywood company for his gift of logs for the construction of the clubhouse.

## FORT BRAGG QUINTETS DUMP LOCAL SQUADS

By Paul Helman

Two Fort Bragg town teams defeated Ukiah in both ends of the double-header Saturday. The Franchessi Comets took an easy 50-31 victory from the Linoleum Shop while in the feature event of the evening Dornans copped a thrilling 58-54 contest from the Calpella Merchants.

The Comets moved into an early 13-5 lead in the first quarter and then went on to build a commanding 29-16 lead at half time.

The third period saw the Comets move on to a 39-22 lead. The Shop was cold on their long shots which finally spelled defeat for them.

**CLARK SPARKS THE VICTORY**

The winners were sparked by Mike Clark who tanked 17 points. W. Phillips was runner-up with 14 digits to his credit. Bob Canup was high man for the Shop with 11 counters while Lino Valentini played an outstanding floor game and racked up 10 markers.

**DORNANS DUMP CALPELLA 58-54**

The last game of the evening was a thriller-diller all the way.

Dornans took a 15-16 lead in the first quarter and then moved to a 30-26 advantage at halftime. They widened the gap to 43-39 in the third quarter, but Calpella, not to be denied, came fighting back to tie the score at 50 all with 95 seconds to go. Then it happened: Rosetto made an easy lay-in and Murray came through with a one hander from the foul circle and that clinched the game for Dornans.

Murray was high point man for them with 26 digits while Rossetto and Holmes garnered 15 and 13 points respectively.

Jack Simpson and Ernie Piffero played excellent floor games while leading Calpella with 24 and 19 points respectively. Joe Graziano did a good job in cleaning the backboards.

## ELECTRONICS STUDY OFFERED BY NAVY TO HIGH SCHOOL GRADUATES

Quotas are unlimited for the Navy's Electronics Technicians school, according to Chief John Winter of the Navy Recruiting Station.

To be eligible a young man must be between 17 and 31, be a high school graduate, make a better than average mark on the applicant qualification test, and pass the Navy's electronic selection test, which covers five subjects; mathematics, physics, shop practice, electricity and elementary radio.

If he passes this test and is physically qualified he will be enlisted and sent to a Training Center for Recruit Training, and then to the Naval School for Electronics Technicians. This school provides a forty-two week training period, and covers areas of work such as radio receivers and transmitters, radar system fundamentals, electronic navigation, laboratory work in basic electronics including test equipment; these are but a few of the subjects covered.

Some ofthe relat edc86 HRD

Some of the related civilian jobs performed by Electronics Technicians are: Television Trouble Shooter, Television Installer, Radar Mechanic, Electronic Equipment Inspector, Assembly Electronic Equipment Foreman, Radio Technician and others.

## ACE CATCHER HARRY BARTOLOMEI TO JOIN OAKS' TRAINING CAMP

Harry Bartolomei, well known catcher for the Ukiah Merchants last year, will report to the Oakland Oaks spring training camp in Glendale next week.

He was signed by Bernie Chalt, Oaklands scout for northern California, last summer. Harry at the time, was backstopping for the Ukiah Merchants and owned the third best batting average on the club, with a healthy .324 average.

If he fails to make the grade with the Oaks, he will be farmed out to Albuquerque.

Harry played for the Dawson Pacific team in the San Francisco Winter League and was one of the best batters in the loop with a terrific .359 average.

He's 19, 5 feet 8½ inches tall, and weighs 190 pounds. He played three years of high school ball, and was the standout on the team.

## *L. D. S. WIN STREAK SNAPPED; LINOLEUM QUINTET DROPS POMOS*

The Linoleum Shop quintet started slowly last Wednesday night but got hot in the last quarter to hand the Pomo Juniors their eighth straight loss 57-38.

The Pomos got off to a fast 9-5 lead in the first quarter but the Shop came winging back to lead 25-19 at the half.

The third period saw the Pomo's fighting to close the gap 33-28 as the final quarter started, but from then on its was no contest as the shop hit for 24 points.

Bill Brumback led the Shop with 25 points while Bob Canup, substituting for Earl Towne, sank 20 tallies to cop runner-up honors. Bill Roberts played a consistent game and dropped 11 counters through the hoop.

C. Billie led the Pomos to their best-played game of the year, tanking 15 points, while N. Feliz scored 10 digits through the hoop.

Calpella Merchants in the second game of the evening snapped the eight-game winning streak of the Latter Day Saints by downing them 54-37.

The game was fast all the way with Calpella getting off to a 14-10 lead in the first quarter and stretching the lead to 19-13 at halftime.

In the third period the Saints closed the gap to 35-30, but Calpella got hot in the last stanza to swish 19 points through the hoop while the L.D.S. tallied only seven points.

The big rave of the evening was the 20 points made by Carl Spreckelsen, 17 of which came in the last half. Jack Simpson tanked ten digits while Ernie Piffero and Joe Graziano accounted for eight apiece.

Al Catton tallied 18 times to lead the Saints while Don Myers was runner-up with seven.

## Wildcats Outclass Scrappy Varsity From Willits, 42-17

The Ukiah Wildcats' varsity completely outclassed a fighting Willits varsity holding eight 42-17.

Ukiah shot their way into a 17-5 first quarter lead, a lead they never relinquished. They dashed on their merry way to a 26-12 halftime bulge.

The Cats poured it on in the third period as they ran up a 39-23 lead on the happless Willits eagers. Coach Bill Tully took pity on them and sent in his third and fourth stringers to finish the game.

Lawrence Rupe copped high point honors with 17 points. Puget tanked nine and along with Radcliffe ably controlled both backboards.

## *MORE ON* CITY CRIME

(Cont. from Page One)

linquency a decrease in the number of minor offenses is noticeable. At the same time, major crimes such as auto thefts and burglaries increased, as did petty thefts and runaways.

A great deal of the force's time is taken up in what they call "miscellaneous public service." People frightened by noises at night, pets caught in trees, vagrants put up for the night, fires to attend and hazards to remove. There is even a category called "miscellaneous-miscellaneous."

**Too Many Unlocked Doors.**

But the most important service along these lines, says Chief Viarengo, is the unlocked door checking which goes on every night as the prowl-car makes its rounds. Every other night, on the average, a business house is found with one or more doors unlocked. One hundred eighty-five in 1948 ,or 185 reasons why the Chief keeps looking for grey hairs.

Ukah is a rich plum surrounded by hungry safecrackers. That's the way it appears to John Viarengo, thinkin, perhaps, of the case with which the Electric Laundry was rifled a few weeks ago.

## *GOLF'S FUNDAMENTALS—STANCE*
# KEEP YOUR KNEES RELAXED

By Johnny Farrell
Written Especially for AP Newsfeatures

FIRST OF A SERIES

Do you have golfer's spring fever? Then it might be well after the long winter layoff to remember the four fundamentals of golf — the stance, the grip, the backswing and the downswing.

Today's golf lesson takes in the stance.

The square stance is best for your woodshots off the tee and down the fairway. The square stance means that your feet are parallel to the line of play.

**This stance gives you a better chance to swing through on a straight line. It is advocated by most of the top professionals.**

Have your knees fairly relaxed so that when you start swinging your body will respond to the motion of you arms. This will give you the proper pivot.

Notice my driving position in the picture at the right. A piece of sash cord was used to show a straight line from toe to toe. Another piece of sash cord connects my left heel to the ball.

**This is done to show how the ball is played opposite the left heel.**

Next week we'll talk about the grip used by 90 percent of the professional golfers.

## *RIFLE, PISTOL CLUB DOWNED BY COMSTOCK TEAM*

The Ukiah Rifle and Pistol Club journeyed to Santa Rosa last Thursday night to shoot with Superior Judge Hilliard Comstock's team. Santa Rosa came out on the long end of a 905-901 score.

Individual high was shot by Judge Comstock with 189 out of a possible 200. The other four members of their squad were Vanoy and Pfiefer with scores of 185 and Bethel and Stevens with 173's. The Judge received a rifle cleaning kit for his individual high score.

Harry Swinton shot a 186 to lead our team while Alvin Rupe and Herb Singley shot 181's. George Austin posted a 178 and Jim Ford a 175. Swinton received a sling adapter for being the top shot for our team.

The Club will play host to Santa Rosa in a return match here on Friday, March 11. The Club vows that they will beat Santa Rosa when they come up here.

## POMO SRS. DRUB MUNSONS, 55-51

By Paul Helman

The Pomo Seniors handed the Munson quintet their third straight loss Monday night 55-51.

The game was almost turned into a rout as the Pomo's pulled away to a 20-8 first quarter lead, but Munsons came fighting back to trail only 34-25 at halftime.

**Time Ran Out.**

In the third period Munsons narrowed the gap to 47-39 and in the fourth quarter Bob Mason poured in eight points as Munsons gained steadily, but time ran out on them.

The winners were sparked by Clarence Wright and Lester Sloane who tanked 17 and 16 points respectively. Herb Wright and Lester Dunlap played good floor games and tallied 10 times apiece.

Bob Mason with 20 points was high point man for Munsons, While Tom Zink copped runner-up honors with 15 digits. Zink also played an excellent floor game.

The second game of the evening was not too exciting as the Hurts Laundry five washed out the Pomo Juniors 83-34.

Hurts piled up a 16-8 lead in the first quarter and stretched it to 28-11 at halftime.

In the third period Pomo's matched Hurts bucket for bucket, and in fact gained four points on them, but the fourth period was like the first and second as Hurts completely outclassed the Juniors.

Wally Hooper sparked Hurts to their winning effort with 18 points to his credit. Ed James played an excellent floor game while making 12 points.

The losers were sparked by C. Billie who tanked 16 digits, all of which were made in the last half.

**PASTURING SMALL GRAIN**

The pasturing of small grains usually means lower yields of later harvest, but during periods of low feed resources it is sometimes worth it. The reduction in yield may be offset by the value of the pasture.

Pasturing should be done after the grain is well established and before it begins to joint. The weather should be dry and the land firm, as pasturing a wet crop can be injurious to the grain and the soil.

Oats and barley usually furnish the best pasture with the least injury to the crop.

Of the 15 homers hit by Babe Ruth in World Series, only four came with men on base — two with one on and two with two.

INTERNATIONAL HARVESTER REFRIGERATORS

$294.95

Yes, it's true . . . the brand new International Harvester Refrigerator has so much super-storage space that you can take enough food home Thursday morning to carry you through a long weekend! Why not . . . when you can store 13½ pounds of tender, juicy meat in the Frigidrawer; 35 pounds of delicious frozen food in the Stowaway freezer locker; more than 3 pecks of dewy-fresh fruits and vegetables in the two Crispers; and distribute butter, eggs and staples around the 16 square feet of shelf area. For unrefrigerated food, there's the roomy Pantry-Bin that stores 7½ bushels of food. There's *really* room to spare!

Added to this welcome storage space are mechanical features that make each one of these three eight-cubic-foot models outstanding in its class. Let us show you the basic eight Harvester features that assure lasting service . . . economical, trouble-free performance. Be sure to see these International Harvester Refrigerators soon . . . they're safe, sound investments.

# FARM NEWS NOTES

From the Farm Advisor's Office

**WEED CONFERENCE**

Increased efficiency of operation is the only individual solution to American farmers present situation in which he finds himself caught in a squeeze between reduced farm income and the same or increased operating expense. The control of weeds, which annually cause a loss of 1½ to 2 million dollars to the farmers of California, is one of the surest means of increasing the efficiency according to opinions expressed at the first California Weed Conference held this week at Sacramento and attended by more than 500 farmers and representatives of the College of Agriculture, University of California, County Agricultural Commissioners, and Commercial Herbicide and Spray Equipment Companies according to Fred H. Taylor, Assistant Farm Advisor of Mendocino County, who attended the meeting.

Weed control should start with clean seed according to Frank Parsons, Associate in Agronomy of the University of California at Davis, who told of the improvements made in seed cleaning equipment and the advances made in the growing and certification of clean seed.

Many new chemicals have recently been developed for control of weeds which are not only so effective in their action but obtainable at so reasonable a cost that a farmer can no longer afford not to control weeds that cut down the quantity or quality of his products. Some of these materials are selective in their action killing only broad leaved weeds and not injuring grasses and grains as 2,4-D and certain Dinitro sprays whereas others will kill certain grasses but not seriously injure alfalfa, clover and other commercial crops. Other materials will kill all plant growth and are desirable to use on driveways in lumber yards, dry-yards and other places where no plant growth is wanted.

Still other new herbicides have been developed for the control of weeds in canals and irrigation ditches.

All of these materials and their action were ably discussed by Dr. A. G. Crafts, of the University of California at Davis, W. A. Harvey of the Monsanto Chemical Company and R. N. Raynor of the Dow Chemical Company.

The necessity of caution and care in the use of weed controlling materials and the enforcement of regulatory measures were discussed by W. C. Jacobson, Chief of the Division of Plant Industry, Department of Agriculture at Sacramento, Milo M. Schrock, Agricultural Commissioner, Stanislaus County, Allen B. Lemmon, Chief of the Bureau of Chemistry, Sacramento and N. L. McFarlane, Farm Advisor of Riverside County.

New developments in spraying equipment was discussed by N. B. Akesson, of the University of California at Davis, Mr. M. R. Pryor, of the State Department of Agriculture, Sacramento and others.

So enthusiastically was the meeting accepted that it was unanimously requested that it be made an Annual Conference and the following officers were elected: Walter Ball, chief of the state agriculture department's weed control bureau, was elected president of the State Weed Conference Association which was formed late yesterday. Dr. Alden S. Crafts, associate professor of botany at the Davis institution was elected vice president and Murray Pryor, supervisor of the weed control bureau, was named secretary.

**Home Vegetable Gardening and Garden Pest Control**

The new revised circular on Home Gardening, Circular 26, from the University of California College of Agriculture is now available. A chart of what vegetables to plant, and when, is given for each section of the state as well as other useful information on the growing of vegetables for home use.

Another useful publication to the Home Gardener is Extension Circular No. 146, Ridding the Garden of Common Pests. This circular deals with pests of both vegetables and flowers. Copies of these publications may be obtained, free of charge, from the Farm Advisor's Office at 362 North State Street, Ukiah California.

**CORK OAK TREES AVAILABLE FOR COUNTY**

Arrangements have been Made by the Farm Advisor's office for a supply of Cork Oak seedlings for test planting in Mendocino County. These trees have now arrived and are located at Forestry Service Headquarters, Ridgewood. They will be distributed, free of charge, to land owners who will give them adeqate care and attention. Request for trees should be made to the Farm Advisor's office, Ukiah. Allotments will be made on the basis of priority of requests and as long as the supply lasts.

**NEW WHEAT VARIETIES**

Awned or bearded wheat varieties are superior in yield, weight per bushel, and kernel weight, under both irrigated and non-irrigated conditions. These are the findings from a regional cross breeding experiment started in 1931 and now concluded on the Davis Campus of the University of California.

In these experiments two wheat varieties, the Awned Baart and Awnless Onas, were compared with their counterparts the Awnless Baart and the Awned Onas. In both cases the bearded form was superior.

Baart, one of the most extensively and deversely grown white wheats, is popular because of its distinctive large kernals and high weight per bushel. Its Awnless strain lost many of its advantages.

Onas has achieved only limited production, primarily due to its low test weight. The larger yield of Awned Onas and its greater testweight of nearly one pound per bushel might result in an appreciable improvement if the Awned strain were distributed to farmers, however the improved variety will not be released until smut and rust resistance has been bred into it. The College of Agriculture is currently working on this last step, and preliminary tests seem promising for a higher yielding, larger kerneled and disease resistant Awned Onas.

Both Baart and Onas are being tested in trial plots put out by the Farm Advisor's office in the wheat growing sections of the county.

Portuguese writers attribute the discovery of the Bay of Rio de Janeiro to Andre Gonsalves who entered its waters on January 9, 1501—and named the great river feeding into it, "The River of January".

## "Milk"—Designated County Product In Christian Rural Overseas Program

Plans for Mendocino County's participation in the Christian Rural Overseas Program drive March 3 to 6 have been made and local officers elected as follows:

Reverend John Mumbower, president; Reverend J. R. Edgar, Reverend Leonard Brown, Reverend Martin Russert and Miss Mary Baccaglio, vice presidents; John Nelson, secretary-treasurer; Dan Cohen, publicity chairman; Forrest Hughes, special gifts chairman; R. L. Guthrie, commodity chairman. Mr. Edgar is also chairman for Mendocino County.

Solicitors are being selected to assist with the drive. Milk is the commodity which our county has been asked to send, although many other items may also be contributed. CROP is sponsored by Catholic Rural Life and the Lutheran World Relief agencies. School, farm and civic groups are cooperation and further information may be obtained from any one of the officers or from your minister.

The local group held two meetings, February 4 and 15, witnessing a sound movie "Seeds of Destiny." Stuart S. Pratt, State Director of CROP addressed the group explaining the workings of the program and telling of the suffering, from malnutrition and exposure, of the unfortunate children in Europe.

# BLACKFEET INDIANS SHIP 18 CARLOADS OF HAY TO UTAH

By Edith V. A. Murphy

With typical Indian generosity Indian stockmen of Blackfeet Indian Reservation successfully fought efforts in the Montana legislature recently to pass a bill which would place an embargo on hay shipments out of Montana for a period of 90 days after passage of the bill.

Though most of the Blackfeet are cattlemen and there are not many sheep there, they recognize the dire need of Utah sheepmen, and they have acquired 18 carloads of hay for immediate shipment to Utah.

It is true that sheep pellets are available, but a certain amount of hay is necessary for roughage.

According to Utah State entomologist who came to Browning to inspect the hay, sheep are in more urgent need than cattle in Utah.

Montana has had a milder winter this year than the one two years ago when the tiny hamlet of Babb was snowed in for nearly a month. Merchants of the town of Babb came to the rescue with funds to operate the Park Service snow plowers, bulldozers and weasels which arrived in the nick of time to save Indians and livestock.

The Reservation's spokesman with the Governor and other authorities has been very busy, with the tribe behind him, to defeat the embargo. Indians like elephants, never forget. They had been helped in the hour of need, so they had passed it on.

**PURITY BUILDING FOR WILLITS IS STARTED**

Preliminary work for the construction of a Purity Stores building in Willits was begun recently. The new structure, cost of which is set at $36,000, will occupy a site at Commercial and Humboldt Streets.

Completely modern in design, the building will be 50x120 feet and will be located on the west side by a parking lot, 75x250 feet. Contractor Don A. Younger of San Francisco says actual construction will begin as soon as weather permits. It is hoped the building will be completed by June 1.

Cecil John Rhodes, British Colonial and imperial statesman, began his career in Africa when, at 16 and in broken health, he joined his brother who was farming in Natal.

# OVER 75 PATIENTS AWAITED AT M.S.H. IN REDISTRIBUTION MOVE AFTER STATE SURVEY

Twenty-eight men patients arrived at Mendocino State hospital recently from Camarillo State hospital, and 50 women patients were expected from there within a few days. The transfers are part of a statewide program to redistribute the load in accordance with the study recently initiated by Governor Warren.

Assemblyman A. W. Way inspected employees' living quarters, according to Dr. Gerald Goodstone, clinical director at the hospital, and expressed the opinion that there was a real need for good living quarters.

Also investigating the hospital recently were two men from the Sacramento Bee, Feature writer Hale Champion and Photographer Don Smith.

The thick-skinned, massive rhinoceros is a vegetarian in diet and nocturnal in habits.

# $10,000 ASKED IN DAMAGE SUIT

Kenneth and Lois Barnes have brought suit for damages against Lloyd Cole for injuries received in an accident which occurred on the Redwood Highway, June 26, 1948. According to the complaint the Cole car skidded and struck the Barnes car causing injuries to the persons and damage to the automobile for which $10,000 is asked for injuries and $633.80 for car repairs.

The accident took place adjacent to Cook's Valley Resort near the border line between Mendocino and Humboldt counties.

Poison rings, usually associated with ancient Venice, actually were known as far back as the days of Pliny.

# Bride-Groom Contest in Full Swing As Five Couples Enter to Date

## Stanley Lance to Interview Couples On Ukiah Theatre Stage Monday Night

**The Bride and Groom contest sponsored by Marianna Shop and The Shoe Box is now in full swing with the following young couples officially registered to date:**

**Josie Fornasero and Raymond Bartolomei; Jeannette Fracchia and Andy Mattern; Jean Babcock and Vernon Shields Leota Fleck and Samuel Anderson; Renee Coll and Don Myers.**

These contestants will appear in person on the stage Monday night at the Ukiah Theatre between shows, where they will be introduced and interviewed by Stahley Lance. Contrary to original plans, there will be no eliminations. All couples will compete until the contest closes on March 25 and applications may be made at any time during the contest.

Photos of contestants, and their histories will be displayed on billboards at The Mariana Shop and the Ukiah Theatre.

Winners will be chosen on a popularity basis. All merchants who have contributed prizes for the contest will have vote coupons to be given away with every purchase of one dollar or more. These coupons may be deposited in a sealed container at either the Marianna Shop or the lobby of Ukiah Theatre. A board of judges will count the votes and announce results, weekly. Watch the Press for latest contest news.

A final counting will follow at the close of the contest on March 25, and on March 28 all contestants will again meet on the theatre stage. On this date, Lance will announce the contest winners, who will be married the following week, on Friday, April 1.

The wedding will be solemnized according to wishes of the winning couple. They may select the setting, church or home, for the ceremony, and the minister.

Immediately following the first movie on April 1, the Marianna Shop and The Shoe Box will sponsor a Spring Fashion Show on the Ukiah Theatre stage. At the climax of the fashion show, the bride and groom will appear in their wedding finery to receive personally the many generous gifts from the merchants of Ukiah.

In addition to the many merchants previously listed, the following are also giving a prize to Ukiah's Bride and Groom: Ames, Electrical Appliance Shop, a de luxe vacuum cleaner with attachments; Cecille Restaurant, ten dollars worth of meal tickets; Infanteen Shop, $10 purchase order, and the Hub Newsstand, a one year subscription to any magazine.

Remember, when doing your Ukiah shopping and buying, ask for the coupons to cast votes for your favorite contestants.

# MIRROR SIGNAL BRINGS AID TO PAIR SNOWED IN

Round Valley had its small share of "operations snowbound" last week when it was decided that mirror flashes from the Jim Lee home on the mountain west of the valley meant distress.

Deputy Sheriff Gene Marston took his plane up over the place and dropped a note instructing them to spell out on the snow with dark material what was wrong. "Food" was the word spelled out.

Mr. Albert Winters took Mr. Henry Gerrans with a small package of groceries in his car to the foot hills, from there Mr. Gerrans hiked up to the Lees through snow over two feet deep part of the way. There he found that Mr. Lee had sprained his back and was unable to make the trip of the valley for groceries.

Mr. Gerrans returned to the valley with a list of necessary articles. Gene Marston again took his plane up and with the aid of Bill Movy dropped packages from the plane to them.

The Jim Lees are an elderly couple who raise strawberries on their mountain place and deliver them to the valley each year.

## LAST RITES FOR RUBY KNOWLES HELD SATURDAY

Miss Ruby R. Knowles died on Tuesday, Feb. 15, in her home at 217 Thompson street. She was 67. The funeral was Thursday from Lance and Zimmerman Ukiah chapel, with interment in the Masonic cemetery. The Rev. Elbert Holland officiated.

Miss Knowles was born in Macoupin, Illinois, in 1880, and moved to California 29 years ago. She had lived in Ukiah 25 years.

Living relatives of Miss Knowles are her father, William Knowles, her mother, Rachel, a brother, Harry, a sister, Mrs. Edith Hampton of Ukiah, and two nephews, Roy Hampton of Willits and Floyd Hampton of Ukiah. Miss Knowles was formerly a member of the Eastern Star.

Pallbearers were Harold Hull, Bert Dennen, Arlington Foster, Lindell Foster, Earl Bradford and Forrest Hughes. Stanley Lance sang "Just Beyond the Sunset" accompanied by Mrs. J. R. Edgar at the organ.

Artificial limbs are called cork legs because at one time such limbs were made of solid substance covered with layers of cork.

# LOCAL BUILDERS

(Cont. from Page One)

he served in the U. S. Navy and spent several months in a Navy hospital .

Every detail of the house was carefully planned and is of the finest workmanship. Each room has an electric wall heater; the bath is tiled in a mottled pink unbreakable tile; the ceiling is insulated; the kitchen and bathroom floors are covered with a high quality climber edge linoleum. The total sale price for this completely modern home is $9,500.

The home will be open for inspection all day March 5 and 6. Hansen's Ukiah Furniture are furnishing the house and promise many special treats. The master bedroom will feature a French Provincial bedroom suite made of honey colored Aspen imported from Jerusalem. The other bedroom will feature bleached mahogany. The spacious living room will contain Kroehler made furniture featuring a rose colored sofa and matching chair and a corresponding gold overstuffed chair. Colorful draperies, well chosen wall prints and mahogany occasional tables complete the charming scene. The dinette, at one end of the completely modern and convenient kitchen, will show a startling black and chrome dinette table and chairs.

A door from the kitchen leads into the large double garage, particularly noteworthy we think, with individual garage doors. The laundry is located here complete with modern washing machine and ironer. The stone walk, lawn, shrubbery and trees were arranged by the Redwood Valley Nursery.

Four houses now stand in the subdivision which has met every specification and been approved by the city. The district is complete with city sewerage, gas, lights and water. The plan, as registered, shows lots for a total of nineteen homes in the subdivision.

All the subcontracting was done by the following local firms: Diamond Match Co., Venturi & Eckman, Ford Gravel Co., A & B Sheet Metal, M. Callan, and Lampson's Plumbing and Walter H. Higgins, Insurance.

## Herman A. Albert Passes in Boonville

Herman A. Albert, a retired carpenter of Boonville, died Sunday at his home. He had lived in Boonville 29 years and was born in Wisconsin in 1864.

Surviving the deceased are his wife, Mrs. Flora Albert, two daughters, Mrs. Russell Tolman and Mrs. Marshall McGimsey, all of Boonville; a son, C. L. Albert, Encino, Calif.; a sister, Mrs. Ella Class, Colorado; three grandchildren and one great-grandchild.

Boonville church was the scene of the funeral, Eversole Mortuary in charge and the Rev. Elbert Holland officiating. Interment was Evergreen cemetery, Boonville.

## MORE ON GUSTAFSON

(Cont. from Page One)

ed officially until May 24, 1933, and the transcript of that date shows that the discharge was given with "considerable reluctance."

Gustafson, according to the hospital report completed the 8th grade at the age of 14. He had an indifferent record in school. For the past 20 years most of the support of his mother and himself was the mother's old age pension. He had few social contacts aside from an occasional visit to a bar.

The medical report lists him as dull in appearance and attitude. He shows little change when discussing indifferent subjects, as when recounting the death of his mother. His explanation of the circumstances surrounding his mother's death is so at variance with the facts of the case that they may represent delusions, according to the hospital report. He does not appear to have other hallucinations, the doctors state.

Dr. R. G. Bramkamp, one of two hospital physicians appointed by the court as examiners, stated in the report: "While I think the man has the intellectual ability to distinguish right from wrong, I favor stating he is mentally ill and should be sent to a hospital. He is a dementia praecox catatonic, with the qualification that he might be confrom an occasional visit to a case."

Five of the six doctors in conference on the case viewed the case in accord with Dr. Bramkamp. Dr. Lew McKeever believes that "he is able to cooperate with his attorney in his defense at this time."

## Oldest Member of Rancheria Passes

Manuel Verriel, 82, oldest member and trustee of Ukiah Rancheria, died February 14 in a local hospital. He was interred at the Rancheria following funeral services Thursday under the auspices of Father Sharkey.

Mr. Verriel was born in Ukiah in 1867 and spent his entire life in this area. He leaves his wife, Belle, and two children, Mrs. Frances Marsh and Mrs. Loretta Head.

Funeral arrangements were by Eversole Mortuary.

WANTED — Used upright piano and good organ. Phone 1091-J. 34-1c

California concerned with protecting children from rheumatic fever and rheumatic heart diseases are sponsoring Assembly Bill 1094 introduced by Kathryn T. Niehouse and Senate Bill No. 1037 introduced by Senator Chris N. Jespersen which provide funds for hospital and other costly services to rheumatic children whose parents cannot afford this care.

Members of the Executive Board of the Mendocino County Tuberculosis Association sent the following resolution Monday to Senator Burt W. Busch and to Assemblyman A. W. Way:

**"The Executive Board of the Mendocino County Tuberculosis Association urges you to vote favorably on the measure providing appropriations for the care of rheumatic children in California.**

**"Like tuberculosis, rheumatic fever is a public health problem. In addition to what private physicians in hospitals are now doing ,community health and welfare services must be developed for a more adequate program to combat the ravages of the greatest enemy of childhood. State financial aid seems essential to the job."**

## MAYME JAMES ESTATE VALUED AT $40,000

The estate of Mrs. Mayme James was left share and share alike to her daughter, Elaine J. Packard and her brother, George W. Richardson, according to the petition for probate filed in the Superior Court last week. The value of the estate is estimated at $40,000 and Mrs. Packard and George Richardson are named in the will as executor and executrix.

Mrs. James passed away at ther home in Ukiah, February 9, 1949. The holographic will was executed April 29, 1947. The estate includes the James home at 428 North State street, the estimated value of which is $28,000.

Mrs. Packard, whose home is in Sacramento, will be in Ukiah for about a month settling the estate. Spurr and Brunner represent the estate.

Mrs. James was the widow of E. J. James for many years a leading timberman of this county.

## CHARTER PRESENTED CALIFORNIA TEACHERS ASSOCIATION AT PATRIOTIC DINNER MEETING

An interesting dinner meeting of the local branch, the Mendoseta chapter of the California Teachers Association, was held at the Redwood Valley Grammar School auditorium Thursday evening February 17, and the organization charter was presented.

The auditorium was decorated and a delicious dinner served by the Redwood Valley P. T. A. Washington's birthday was used as the theme. For the attractive table decoration, place mats of white lace paper doilies on red paper squares were used with exquisite little paper figurines of George and Martha Washington and blue candles in star shaped glass candlesticks.

The dessert served with the baked ham dinner also carved out the Washington theme. It was cherry pie.

About seventy persons attended the meeting. The program included two violin solos by Mrs. Marion Taijan with accompaniment by Mrs. Ada Romer, group singing led by Mrs. Eleanore West from Potter Valley with accompaniment by Mrs. Lucille Smith from Potter Valley. Mrs. Dorothy Smalley, from Potter Valley, president of the 27th district of the P. T. A. gave a short talk. Mayor Forrest Hughes gave the address of welcome.

Dr. Wallace E. Hall gave the main address of the evening and presented the charter which was accepted by Mrs. Olga Spotswood from Potter Valley, president of the local chapter. Dr. Hall is the executive secretary of the Bay section of the C. T. A. and was accompanied by Mrs. Hall.

Lawrence Clark from Potter Valley was program chairman and master of ceremonies.

The regular business meeting consisted of reports from the various committee heads, Frank Schieber, Hopland, public relations; John Oakes, Redwood Valley, legislative chairman; Harold Lawrence, Ukiah, school finance; Mrs. Myrtle Eglin, Calpella, retirement; Frank Zeek, Ukiah, professional relations; Mrs. Eva Rice, Hopland, ethics; Mrs. Vivian Fowler, Ukiah, tenure.

It was decided to have the next meeting at Hopland on Thursday, April 21, and at that time an election and installation of officers will be held. The nominating committee appointed Thursday evening includes Jack Simpson, Ukiah, Leila Williams, Redwood Valley, and Hazel Nobles, Anderson Valley. All the officers of the organization were present at the Thursday evening meeting.

## LONGEST COLD SPELL BREAKS

The longest cold spell in the known history of Mendocino county—59 consecutive days below freezing—broke last Tuesday when the thermometer rose above freezing for the first time since December 18. The lowest point reached in almost two months was on January 11 when the official records registered 14 degrees in Ukiah. Temperatures have been much lower in some parts of the county. Four degrees below zero is reported for Laytonville one day last week.

In the memories of the oldest residents no such record is recalled. There have been colder days but never has the thermometer stayed low so consistently as during the past two months.

Official records at Ukiah Fire House date back to 1924. Before that date records were kept for many years by the late Dr. George McCowen.

A. L. Tracy, who has made his home in the county for 70 years, recalls that in the winter of '89-'90 there was snow on the ground in Sherwood Valley from Christmas to April 7. At one time there were seven feet of snow and travel was by skis. But even that year the thermometer did not remain low for so long a period, Mr. Tracy recalls.

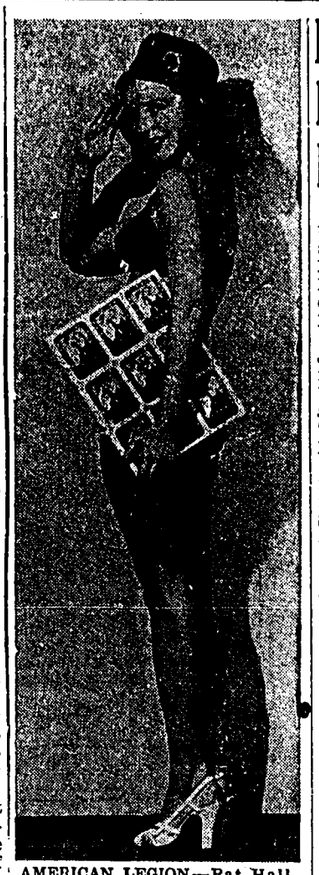
In spite of the snow and cold the grass on the ranges is showing green and a warm rain will do much to cheer the cattlemen.

## Roy Swain Attends Southland Meeting Of Optometrists

Dr. Roy M. Swain, 209 W. Standley St., Ukiah, is in Long Beach attending the 44th annual convention of the California Optometric Association. The meeting began Saturday and ended yesterday.

More than 500 optometrists from all over the state participated in the four-day conclave.

Highlight of the convention was a banquet, entertainment and dance Monday evening, when Lieutenant Governor Goodwin J. Knight spoke to the group.



AMERICAN LEGION—Pat Hall, Universal-International star, this week was chosen queen of the California Legion's Sixth Annual Rehabilitation Stamp Sale. The drive is held to help raise funds for the Legion's Rehabilitation and Hospital welfare program. All veterans are helped with the money received whether they are members of the Legion or not.

## HOTEL WILLITS SUIT SETTLED OUT OF COURT

Payment of $200 by Albert Greenberg, lessee of the bar in Hotel Willits, to Dorothy Dearr, owner of the hotel, and the installation of a seperate meter and circuit for electricity used by Greenberg was arranged Friday.

One phase of the many angle dispute between owners past and present and tenants of Hotel Willits was thus settled out of Court.

The complaint was for declaratory relief, an injunction and damages filed by Dorothy Dearr against Albert Greenberg. The complaint set forth that Greenberg's lease on the bar, club room and kitchen provided electricity for lighting purposes only while the leasee had installed various and sundry electric equipment other than for lighting purposes.

It was set forth in the complaint that the extra load on the present electrical set up endangered the safety of the building and the lives of the occupants.

Present at the conference Friday were the participants in the suit and their attorneys, State and City building inspectors, and the City Attorney of Willits.

## DAUGHTER OF PIONEER DIES IN MARTINEZ

Susie Elizabeth Daley, daughter of Andrew Madison Burke and Martha Jane McKinley Burke, passed away last Sunday February 13, at the home of her daughter, Mrs. Conrad Nelson, of Martinez.

Mrs. Daley's mother, Martha Jane McKinley Burke, was a direct relative of the late President William McKinley, and a descendant of Robert McKinley of Tennessee, who fought in the Revolutionary War.

Both mother and father were married in Ukiah, where they reared their family of five girls: Susie Elizabeth, Birdie Civilla, Julia May, Lillian, and Dorothy Estelle; and their four boys: William Curtis, Joseph Alexander, James Huston, and Andrew Madison.

Mrs. Daley's grandfather and grandmother crossed the plains from Missouri via the Donner Pass in a covered wagon, and brought the first four wheeled vehicle into Mendocino County. They finally settled in the Ukiah Valley as cattle ranchers and hop growers.

Educated in the Ukiah schools, Susie Daley was one of the first pupils in the Porterfield Normal Teachers' college in Ukiah. Among her classmates were the late Artie Montgomery Barbee, and James Barbee, later County School Superintendent of Mendocino County.

Susie Burke married Herbert Daley, of New Brunswick, Canada, and later made her home in Palo Alto.

Mrs. Daley leaves a daughter, Irene Daley Nelson of Martinez; a granddaughter, Janis Jean Thiel Ludlum of Berkeley, a brother, Joseph Burke of Sacramento; four sisters, Mrs. Lillian Brast and Mrs. May Hedge both of Oakland, Mrs. Dorothy Benson of San Francisco, and Mrs. Birdie Ganter of Ukiah.

Funeral services were held Thursday at Brunscher and Connolley Parlor in Martinez. Mrs. Daley's ashes will later be interned in the family plot in Ukiah.

## FAMILY DINNER PLANNED BY DISABLED VETS

A family day dinner is planned for next Sunday by the county Disabled American veterans chapter under the direction of Mrs. Carrie Ware and Mrs. Dewey Main, wife of the chapter's commander. The Fort Bragg event will feature Bob Hurley as master of ceremonies.

Annual installation of officers was held recently, with Main installed as commander while Ben Rosenthal Jr. was named senior vice commander, William Reynolds, junior vice commander; Franz Winkler, chaplain; John Galli, adjutant-treasurer; Brooks Pendleton, sergeant-at-arms and Eugene Ott, officer of the day.

## Says TAX-SAVER SAM:

**"You need not report Social Security benefits, accident or health insurance payments, proceeds of a life insurance policy, paid on the death of the holder; pensions and other money received from the government by a war veteran, the veteran's family's pension, or dependency benefit allowances contributed by the government; nor do you have to report property received as a gift, bequest or inheritance. (But income derived from such property must be reported.)"**

## WILL CARE FOR GIFTS TO SPAIN

**County residents of Spanish origin are asked to take notice of an appeal which comes from Trans-Iberia Express, Inc., 25 Beaver street, New York.**

**County Clerk W. J. Broaddus is in receipt of an official communication from the Express Company asking that the letter be circulated among people of Spanish origin residing in this county. The letter states that Spaniards are generous toward their relatives abroad and this agency will handle any gifts going into Spain.**

**The census shows a small proportion of Spanish speaking people residing in Mendocino county; not a large enough number to warrant any other means of reaching them except through the press.**

## RECREATION CONFERENCE ATTRACTS 400

Over 400 delegates, including Mrs. Ernest H. Lauteren of Ukiah, attended the First Annual Recreation conference in Santa Barbara February 9 to 11. Governor Earl Warren addressed the delegates and said he believed the Civic Center Act should be made to cover all future fairground construction.

Other speakers were Dr. Leonard Mayo, vice president of Western Reserve university, Mrs. O. W. Luhr, president of California Congress of Parents and Teachers, Karl Holton, director of California Youth Authority.

Mrs. Lauteren was appointed with Eugene Watson, Roseville, and Ed Frank Turlock, to serve on a recommendation committee, purpose of which is to draft recommendations concerning the use of county and district fair buildings as year-round recreation places.

Mrs. Lauteren said that the section in which she participated (Recreation Service in Small Towns and Rural Areas) agreed on the following points of policy:

1. that public buildings be made available for community recreation where legally possible; 2. that plans for fairground buildings be designed for maximum public use; 3. that recreation is not and cannot be self-sustaining but is an essential public service similar to fire, police, sewage, etc.; that good salesmanship is need to develop California recreation at every level.

## NON-RESIDENT DRIVERS SUBJECT TO GREATEST PLATE MIX-UPS

Are you driving with non-resident license plates on your motor vehicle?

A. H. Henderson, State Director of Motor Vehicles, says that motorists who move to California permanently and continue to drive with non-resident license plates are the largest single group that becomes entangled with registration fee penalties.

According to Henderson probably more people operate vehicles on non-resident license plates in California than any other state. They are entitled to do so:

1. If they are nonresidents.

2. If the license plates are valid in their state of residence.

Non-resident license plates may not be used:

1. By residents of California.

2. By non-residents who have become registered voters in California, have taken out resident fishing or hunting licenses or completed other acts requiring California resident qualifications.

3. By those who have accepted gainful employment in California (subject to reciprocity with the state of former residence.)

Henderson advised non-residents gainfully employed in California to inquire at a branch office of the Department of Motor Vehicles as to whether there is reciprocity between California and the state of residence regarding use of non-resident license plates.

### SOUTH SALEM EXHIBIT TO S. F. AS ARTS

## NEED FOR MORE SCHOOL SPACE SEEN BY ZEEK

Crowded conditions in the elementary school will be only partially eliminated by the new school building on Dora street, according to Principal Frank F. Zeek. At the beginning of next school year, he estimates, 36 classroom teachers will be needed to handle properly the enrolled pupils. The enrollment now stands at 1126.

"After moving into the new building," Zeek said, "we shall be short seven classrooms. We need two more classrooms and a kindergarten room at the Clay street school. We should build another wing at the Dora street school and finish the two classrooms we had to omit on account of lack of funds."

**NEW SCHOOL MAY BE NECESSARY**

Zeek estimated if the school population still increases after these additions, it will be necessary to build another school with facilities for kindergarten and the first five grades.

Three possible ways of raising funds were outlined by Zeek: by a bond issue, by raising the district tax rate, and by allocation of new state and/or federal funds.

"The first two are the only methods certain at this time," Zeek stated. "So far we have kept up with our increased population, but if we do not act quickly we shall be in a bad way educationally."

## *HIGH SCHOOL TO PRESENT JUNIOR PLAY MAR. 18: 'ONE MAD NIGHT'*

The Junior Play "One Mad Night" will be presented at the local high school on March 18. John Ross was selected to play the male lead on the basis of his fine characterization in last year's high school play. Pattie Patton is working out well as the feminine lead, portraying an appealing "damsel in distress" that is saved from a horrible fate. Two character parts out of "One Mad Night" that contribute to Pattie's horrible fate are Niel Sparks and Edwina Knivila, a pair of maniacs that promise to chill the bones of the audience. The play is under the direction of Russell Miller of the high school faculty.

Mrs. Elizabeth Lemon who has been seriously ill at her home near Boonville is slowly improving and is able to be up for a short time each day, her grand daughter, Mrs. Joyce Church is staying with her.

The Anderson Valley 4-H Club enjoyed a Valentine party at the high school on St. Valentine's Day. Games and singing provided entertainment and a valentine box added to the fun. Refreshments were hot spiced punch, cake and jello and the tables were attractively decorated in Valentines in keeping with the occasion. Joan Coons was general chairman of the affair and decorations were in the capable hands of Patsy Wright and Louella Canaverri. Club leaders present were; Mrs. Rapp, Mrs. Russell Miller, Mrs. Marion Clow and Mrs. Canaverri.

The regular meeting of the A. V. Grange was held February 12 a special feature for the evening was the showing of the film "Trip Around the World" the evening was topped off with refreshments served in the Grange dining room.

J. T. Farrer was a business visitor in Cloverdale on Friday.

Ray Morgan who has been confined to his home for the past couple of weeks with a pinched nerve in his leg that has caused intense pain, is now able to get about a little on crutches.

Mr. and Mrs. Dawson Graham have had as their guests for the past few days Mr. Graham's sister, Mrs. Opal Stobert of Los Angeles and a friend of hers who accompanied her on the trip up.

Bea Ann Lampert, young daughter of the H. H. Lamperts has been confined to her home the past week with measles.

Fred H. Perkins and Howard Gray of Fort Bragg were valley visitors on Thursday, passing some time at the Philo Lumber company mill and at the M. D. Perkins home near Boonville.

Mumps, measels and chicken pox are reported to be appearing here, several high school students were taken home on Thursday when they developed symtoms of mumps after arriving at school.

Mr. and Mrs. Elmer Sweet of Ukiah were recent guests of Mrs. C. M. Wallach sister of Mr. Sweet, at her home in Bell Valley.

Miss Geraldine Salina, physical education teacher at the A. V. U. H. S. was out three days of last week with the flu. Mrs. Marjorie Willis substituted for her.

**WELL BABY CLINIC HELD**

The Well Baby Clinic was held on Thursday of last week at the Apple Hall with Dr. G. W. Powell of Boonville and Dr. Togasaki from the State Department of Health on hand to conduct the clinic. Several ladies from the P. T. A. which sponsors the clinic were on hand to assist.

**Newly-Weds Feted**

A reception was held Saturday evening at the Glenn E. McAbee home for Mr. and Mrs. Richard McAbee, recent newly weds. The new Mrs. McAbee is the former Marilyn Hesseltine of Cloverdale. "Dick" is the son of Mr. and Mrs. Glenn E. McAbee of this place and is engaged with his father in the garage business. Mr. and Mrs. McAbee are occupying the cottage at the Indian Creek Club House. A large group of friends attended the reception and they received many lovely gifts.

**Suprise Party**

Mrs. David E. Babcock entertained on Saturday evening at a surprise birthday party honoring her husband whose birthday had fallen on Wednesday. Their guests included their daughter and son-in-law, Mr. and Mrs. Darrel Perry and their son and wife, Mr. and Mrs. James Babcock, all of Santa Rosa, and following local guests; Mr. and Mrs. E. A. Babcock, Mr. and Mrs. H. E. Burger, Mr. and Mrs. Sousa, Mr. and Mrs. Jack Smith, Mr. and Mrs. Stienceur, Mr. and Mrs. Bertus Paul, and R. D. Ashurst. Cards were enjoyed and dainty refreshments completed the pleasant evening, and Mr. Babcock admitted he was really surprised.

# EXTENSIVE ADDITIONS TO FAIR AND APPLE SHOW STARTED

Work commenced last Monday on a number of additions to the County Fair and Apple Show grounds which will run to approximately $24,000 and will include two 30-stall horse barns, poultry building, balcony in back of the exhibit building, curbing in the parking lot and $2,000 worth of fencing. The Phillip Construction Company of Petaluma have the contract and had a forman and crew here to commence work on the 14th. The fence is seven foot steel fencing set on steel post which are set in concrete. Some of the work was held up this week due to condition of the ground. A County maintainer went in to level off the grounds for the horse barns and bogged down, a bull dozer had to drag the maintainer out and until the ground dried out that part of the work will be held up.

H. A. Albert who has been seriously ill following a stroke has shown a slight improvment lately, his condition is still very critical though.

Mrs. Hetty Rawles and son Joseph W. Rawles, were recent visitors in Santa Rosa at the home of Mr. and Mrs. B. M. Brinegar. Mrs. Rawles is the mother of Mrs. Brinegar.

The primary department of the Methodist Church school enjoyed a treat on Sunday last. Following their lesson period they had a Valentine box and refreshments of punch and cup cakes topped with red hearts. The primary teachers, Mrs. E. Smart and Mrs. J. T. Farrer, were assisted by Mrs. Walter Tuttle in preparing and serving the refreshents.

Mrs. Ivan Lawson has been confined to her home for several days with flu.

Linton Knight, who suffered a mangled right hand in an accident in the mill of the Philo Lumber Company some time ago, recently had the second of the five operations scheduled to restore the hand to as near as normal condition as possible. He hopes to be able to come home between operations. He had quite a repair job to start off with as 68 stitches were necessary to close the back of his hand which was injured by a saw.

**BRIDGE TO CEMETERY AWAITS REPAIRS**

Graveling of the road into the Shields Cemetery was begun last week but unfortunately the first truck load was too much for a bridge between the highway and the cemetery and further delivery is being held up while the bridge is repaired or replaced.

**BARBARA McKEE JOINS WELFARE DEPT. STAFF**

Barbara McKee, a senior at San Francisco State college, has come to Ukiah to work in the county welfare department under Howard Cheever, director. She plans to spend a year as a Public Assistant Worker and then return to finish her studies.

**CHRISTIAN SCIENCE CHURCH**

"Christ Jesus" is the subject for the Christian Science Lesson-Sermon for Sunday, February 27, with the Golden Text taken from Isaiah: "There shall come forth a rod out of the stem of Jesse, and a branch shall grow out of his roots" (11:1).

The following citations are included in the sermon:

The Bible: "And it came to pass in those days, that Jesus came from Nazareth of Galilee, and was baptized of John in Jordan. And straightway coming up out of the water, he saw the heavens opened, and the Spirit like a dove descending upon him: And there came a voice from heaven, saying, Thou art my beloved Son, in whom I am well pleased" (Mark 1:9-11).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The real man being linked by Science to his Maker, mortals need only turn from sin and lose sight of mortal selfhood to find Christ, the real man and his relation to God, and to recognize the divine sonship" (p. 316).

High-voltage trouble shooters

When winter storms hurl broken trees across power lines, trained P. G. and E. "trouble shooters" speed into action to restore your electricity. First step is to set up road blocks around the danger zone. Then, armed with "hot line" tools, the crewmen unscramble the high-voltage wires which may still be charged with electricity.
Next they cut out any sections that must be replaced, repair them fast and flash the word to the Dispatcher to begin pouring power back into the lines.

"SOS" is radioed or otherwise rushed to every "trouble man" in the area . . and the closest are assigned to the mission. If they need extra help, they call for reinforcements.

Lights go on again fast because P. G. and E. trouble shooters stand a 24-hour vigil. Their job is to keep power flowing to homes, farms and factories.
for the record
12,000 miles of new power lines have been strung since V-J Day.
This is just part of P. G. and E.'s postwar power-building program . . .
. . . that already has added half a million new horsepower of generating capacity.
Work never stops on our power-building program

# HAPPENINGS IN ROUND VALLEY

By Mrs. Cleo O'Ferrall

## *CALIFORNIA CENTENNIAL PROGRAM FEATURES EASTERN STAR MEETING*

Augusta Chapter No. 80, Eastern Star met in the Masonic Temple, Thursday evening. At the conclusion of the business session the remainder of the evening was turned over to program chairman Eunice Jamison who had arranged an entertaining California Centennial program.

Victor Herbert favorites were played in duet by Alta English and Margaret Williamson, "One Alone" from the Desert Song was sung by Carl Delgado and Gene Scott sang "Beautiful Dreamer", Mrs. Eleanor Lehfeldt accompanied them. Eighteen high school girls, all in Colonial Costume, danced several folk dances, with Maxine Allen at the piano, and Eleanor Lehfeldt directing. Carl Delgado showed the film "Sutters Fort," including California resources and the discovery of gold.

The evening was brought to a close in the dining room where refreshments were served. Tables were attractively and appropriately decorated in a Centennial scene.

Eunice Jamison, Hazel Roe, and Winnie Hurt, Centennial party committee, were given a big hand. Mother Masons were also given a big hand for recently redecorating the dining room.

Marion Grant Winters thanked all for taking part in the evening.

Mr. and Mrs. Otto Kalebaugh are proudly announcing the birth February third of a new granddaughter to Mr. and Mrs. George Kalebaugh of Rio Vista. The little lady was named Marsha Ann. George Kalebaugh is the youngest son of Mr. and Mrs. Otto Kalebaugh, and served through the last war as Captain in the Army.

**Child Breaks Leg**

The young son of Mr. and Mrs. James Fields fell from a wagon while at play last week and broke his leg between the knee and hip. He was taken to Howard Memorial Hospital at Willits by his father where he will have to remain for sometime. Due to the nature of the break it was impossible to put a cast on the leg.

Tom Hill Jr. and small son Larry of Woodland visited in Covelo last week with his parents the Tom Hills Srs. brother and family the Mervin Hills, and sisters and their families the Charlies English and Grant Winters families.

Mr. and Mrs. Walter Winters were business visitors in Williams last week. While there they visited with the Elmer Goforth family who recently sold their home in Covelo and moved to Williams.

Mrs. Clyde Tupper and daughter Pauline were business visitors in Willits last Monday.

Mr. and Mrs. Paul Sekerak have moved to the Hemenway ranch east of the valley. Mrs. Sekerak is Mr. and Mrs. Oscar Silvela's daughter.

**IMPROVEMENT CLUB MEETS**

The regular meeting of the Woman's Improvement Club was held Wednesday with a good attendance. The Library committee with Iris Hill chairman, assisted by Ella Henderso nand Ferrol Rhyne, was in charge of the program. An unusually interesting and remarkably well done program was put on by the high school seniors special studies class under the leadership of Helen Riffe, their teacher. This program commemorating Lincoln's and Washington's birthdays was presented in the form of a panel with Artie Winters, class president, coordinator. The following topics and those who presented them were, "Federal Aid to Education," David Alford; "Federal Scholarships for High School Graduates?" Katherine Rome; "Rights of Suffrage to Residents of Washington, D. C." Jim Banks; "How to Encourage Citizens to Vote,' Ward Begley; "Alaska, A New State?" Jim Hart; "Hawaii, A New State?" June Marie Bauer; "Future of Displaced Persons," Fern Sailaday; "Do We Join the North Atlantic Alliance?" Jeanne Scott.

Material for this discussion was taken from the Congressional Record.

Jeanne Scott sang "The Lord's Prayer," accompanied on the piano by Eleanor Lehfeldt.

The next Woman's Improvement Club meeting will be Wednesday, March 2.

**Powers-Bassett Vows**

Word came to Mr. and Mrs. Bruce Henderson of Covelo that their daughter Mrs. Elaine Powers was married in Reno last week to Mr. Joe Basset of Willits. Mrs. Basset has been employed by the Willits Telephone Service and has made her home in Willits for sometime. She was born and grew up here in Covelo finishing her high school education here. Mr. and Mrs. Basset will make their home in Willits.

**Graviers Visit Daughter**

Mr. and Mrs. Sidney Gravier left for Marin City to visit their daughter after a ten days visit at the home of Mr. and Mrs. Ed Gravier. They were entertained at the homes of Mr. and Mrs. Charles Ogle, Mr. and Mrs. Harold Tuttle, Mr. and Mrs. Lawrence Hurt, Mr. and Mrs. Molly Hurt, and Mr. and Mrs. Oscar Long. Mr. and Mrs. Mervin Gravier arrived home from San Francisco in time to enjoy a visit with them. Ed Gravier is Sidneys uncle the rest of these folks are cousins. Sidney Gravier attended grammar school here living with his grandmother Fanney.

Elmer Bauer went to Kelseyville last week where he purchased a Hereford bull from the John Hildebrand ranch. This animal is of fine breeding tracing through Domino and Anxiety blood lines.

Mr. and Mrs. Charlie Lovell, Mrs. Cecil Williamson and daughter Claudia were overnight visitors in Ukiah last week. While there they attended the concert and Mr. Lovell checked with his doctor.

Floyd Barney was taken to the Willits hospital last week with an attack of appendicitis. His aunt Mrs. Grace Sweeney went to Willits to be with him. Mr. and Mrs. Bob Fitzhugh drove them down in their car. John Banks accompanied the mto Willits.

The Round Valley High school boys A and B teams played their third league game with Potter Valley February 16 in the evening. Round Valley won, 73-24. The B team had an off night and didn't do so well. Their final score was 30-8 in Potter Valley's favor.

Mr. and Mrs. Bill Clark visited George Lovejoy, Mrs. Clark's father at Lakeside hospital, Upper Lake ,last week. Mr. Lovejoy will be able to come home as soon as there is a doctor here to care for him.

Dr. Welch is bringing his family to Covelo and they will stay with the Bill Moore house is completed. Dr. Welch's office will be at the high school agriculture building. Mrs. Eloise Gresbach will be office nurse.

Mr. and Mrs. Joe Samason of Oakley are visiting the Joe Williamson family in Covelo.

Truman Nelson and his younger brother Reddy were taken to the Willits hospital with pneumonia. Reverend Ernest McFord took them down to Willits. They have been living with their grandparents, the Pete Clarks.

Glenn Howard and Bill Smith and men from the Circle R sawmill at Yuma were in town last week. This is the first trip they have been able to make since the heavy snowstorm.

Mrs. Clyde Rife received a letter from Mr. and Mrs. H. F. Saunders of Yamaki, Japan, saying they are returning to the United States soon for a vacation. Mrs. Saunders was the former Imogene Lovejoy who grew up and attended grammar and high schools here in the valley. Mr. Saunders has been stationed in Japan with the Air Corps.

Round Valley High School A and B basketball teams went to Willits, February 19, where they met the Laytonville teams. The Round Valley boys did fine. The scores were: B teams 58 to 24 in Round Valley's favor and A teams 48 to 38 in Round Valley's favor.

Oscar Long, a resident of Round Valley for over 50 years, passed away suddenly of a heart attack at his home Thursday morning, February 17, at 9 o'clock. He was born in Decatur, Nebraska, the son of Benjamin and Emaline Long, one of a family of 10 children, and would have been 80 years old the 28th of March. He grew to manhood in Nebraska and married Jenny Lewis, a sister of Ed Gravier's mother. To this union was born two sons, Earl and Eldon, both living near Round Valley. Oscar Long and his wife came to Round Valley in 1898 where they made their home and were highly respected citizens. Several years back Mrs. Jenny Long passed away and he later married Mrs. Mamie Priddy who was with him until his death. Besides his wife and two sons and one grandson, Walter Long, he leaves one sister living in Nebraska and two brothers, one living in San Jacinto, California, the other brother lives in Washington, D. C., and several nephews and neices.

Funeral services were conducted from the Federated Church in Covelo, Sunday, February 20, at two o'clock, with Reverend Carey officiating. The church choir sang two songs, "Abide With Me" and "The Lord Is My Shepherd," with Fannie English at the piano.

The body was placed in its final resting place at the Masonic cemetery on the hill overlooking Round Valley.

June Marie Bauer had as her guests last week Lottie Johnson and Donna Ingram of Leggett Valley. Howard Ingram, also of Leggett Valley, visited Richard Gravier.

Delbert Osborne and his son Donald spent a few days in Covelo recently visiting relatives and friends. Dick Osborne has enlisted in the Navy and is now stationed at San Diego.

Mr. and Mrs. "Bud" Landles returned from their vacation south. They brought back a jeep equipped with track layers to make it possible to go to their ranch east of Round Valley.

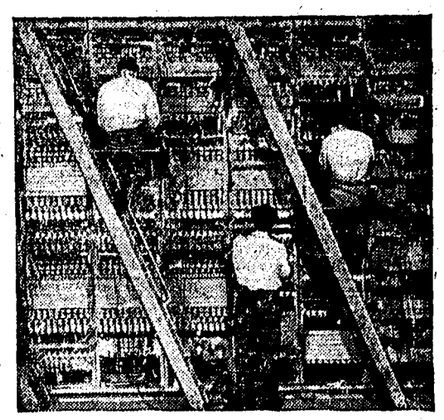
ONE OF TODAY'S BIGGEST BARGAINS

How your telephone gives you more real value today in spite of sharply-increased costs of furnishing service

1. For a quick call to the druggist, for business, for every purpose, your telephone is a more valuable servant today than ever. It can run more errands, do more jobs. In the past ten years, telephones on the Coast have doubled. We're continuing to add them rapidly. Result: You can get in touch with more people. More people can get in touch with you.



2. If you could see how much expensive equipment goes to work for you each time you make a call, you might wonder how it can be done . . . for just a few dollars a month. Lines, cables, poles, buildings, intricate equipment—all must be ready . . . along with the people who man them . . . to serve you when you pick up your telephone.

3. More "Voices with a Smile" are serving the West today . . . our payroll is the biggest ever. Postwar costs have shot up all along the line on the things we do to provide service. The facilities to serve new telephones today cost about twice as much as prewar. Yet telephone rates are up much less than almost anything we buy or you buy.

4. There is no way to determine the full value of a telephone, of course. A call may be routine—or it may save a life, make a new friend, close a business deal. Yet a few pennies still buy a telephone call. In these days of high prices, it's good to know that your telephone keeps giving you real value—it's one of today's biggest bargains.

OVERTIME

The following rates will be paid for overtime:

Truck Drivers and Pickers ..... Time and one-half.
and Roofers
Electricians, Plumbers, Plasterers, Hod Carriers and Lathers ..... Double time
Carpenters & Sheet Metal Workers ..... Time and one-half for first 2 hrs. and double time thereafter.
Cement Finishers and Glaziers — Time and one-half for first 2 hrs. and double time thereafter.
Laborers — ..... Time and one-half for Saturday and double time for Sunday and Holidays.

The foregoing schedule of per diem wages is based upon a working day of 8 hours except where listed. The hourly wage rate plus the fringe benefits is the per diem rate divided by the aforementioned number of hours constituting a working day.

It shall be mandatory upon the contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Notice is also hereby given that all bidders may submit with their bids, a sworn statement of their financial responsibility, technical ability and experience. Such sworn statement may be required to be furnished before award is made to any particular bidder.

Each bid shall be made out on a form to be obtained at the Architect's office; shall be accompanied by a certified or cashier's check or bid bond for 5% of the amount of the bid made payable to the order of Mendocino County, Ukiah, California; shall be sealed and filed with the Clerk of the Board of Supervisors, Mendocino County, on or before Tuesday, March 15, 1949, at 2:30 o'clock P.M. and will be opened and publicly read aloud at or about 2:30 o'clock P.M. of that day in the Board of Supervisors Room, Court House, Ukiah, California.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into the contract if awarded to him and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested to do so by the Board of Supervisors, Mendocino County.

The Board of Supervisors, Mendocino County, reserves the right to reject any and all bids or waive any informality in the bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Feb. 15, 1949.

# NEWS FROM POTTER VALLEY HIGH SCHOOL

The basketball teams played against Covelo at the Covelo gym last Wednesday. The girls played a 9-9 tie, which was the final score according to girls' rules.

The "B" team avenged a previous one-point defeat at the hands of Covelo by trouncing them 30-18. Monday the Potter Valley and Covelo "B" teams play off at Willits gym to decide the Valley Championship of Mendocino County.

The "A" team fared poorly against Covelo, but they put up a good fight in their 73-24 defeat.

A large group of students were taken by bus to Santa Rosa High School on Friday evening to witness the performance of "Life With Father" which was produced by the Dramatics class of Santa Rosa. Costumes for the players were lent by one of the Hollywood Producers, Jack Warner.

P. T. A. Members Meet

Several Potter Valley teachers were in attendance at Redwood Valley Grammar School Thursday evening, February 17, when the Mendocino Chapter CTA held its quarterly meeting, succeeding officers was Olga Spotswood of Potter. The program consisted of musical numbers including group singing led by Mrs. A. G. West.

Mayor Hughes of Ukiah praised the work of the teachers and urged citizens to give Education more support.

The Charter presentation by Mr. Wallace Moll, Executive Secretary, Bay Area C. S. F. climaxed the evening. In his address, he gave recognition to the important part being played by the local organization on the work of teachers organization.

The business portion of the meeting consisted mainly of several committee reports and it was decided that next Spring's meeting will be held at Hopland on April 21.

Principal West and Fred Mooney attended the baseball clinic at Ukiah High School Tuesday, February 15. A large number of Potter boys have expressed an interest in baseball and we have hopes for a successful season.

Girl's Glee Club sang "Prayer" from Hansel and Gretal, "Sleepers Wake" at the M. E. Church Sunday evening, February 18, in conjunction with Rev. Siddoos' lecture program.

**DENTAL ASSOCIATION ACCUSED OF MONOPOLY**

WASHINGTON, (AP) — The American Dental Trade Association has been accused of conspiring to fix price of dental goods in 35 states. In making the charge the Federal Trade Commission said the alleged conspiracy had a monopoly on the distribution of more than 75 percent of all dental goods in the country. The Association immediately denied the charges.

**Westport Boy Sees Greek King, Queen**

Edward L. Robinson, seaman apprentice, USN, son of Mr. and Mrs. Clark of Westport witnessed the visit of King Paul and Queen Frederica of Greece recently aboard the heavy cruiser USS Columbus, while serving with the crew of the Columbus, flagship of the Commander, Eastern Atlantic and Mediterranean Forces.

Ceremonies in honor of the royal couple were held in Phaleron Bay, Greece, one of the Mediterranean ports included in a nineweek cruise by units of the Eastern Atlantic and Mediterranean Naval Forces.

**ALCOHOLICS ANONYMOUS CHAPTER FORMED AT M.S.H.**
